To: Council Chair  
Through: Dave Somers, County Executive  
From: Purchasing Division

Date: 3/25/2026

Bidding Agency: State of Minesota

General Legislative Session: Wed, April 1, 2026

Agency's Bid No: Sourcewell Contract 081524

Product: Above-ground Fuel and Fluid Storage with Related Hardware, Software, and Services

Agency's Bid Term: 11/18/2028

Requestor/User Department: Facilities & Fleet

Recommended Supplier: Additional Vendors

Estimated Award Amount: TBD

Proposed Piggyback Term: Two (2) years

### BRIEF DESCRIPTION:

The Facilities & Fleet Department revises the award recommendation approved in Motion 26-059 (ECAAF 2026-0290) to include additional vendors for Aboveground Fuel and Fluid Storage with Related Hardware, Software, and Services.

Sourcewell issued a competitive solicitation for Aboveground Fuel and Fluid Storage with Related Hardware, Software, and Services on June 27, 2024. Snohomish County previously identified the top-ranked vendor for initial project implementation. However, due to current production capacity and scheduling constraints, the awarded vendor is unable to meet the required timeline for the initial phase of the County's Sustainable Aviation Fuel (SAF) project.

To ensure the project remains on schedule, the County is requesting authorization to utilize additional vendors awarded under Sourcewell Contract #081524. These vendors have been competitively evaluated and awarded under the same cooperative contract and can provide comparable equipment and services. Facilities will conduct a second-tier competition to select a vendor.

Authorizing the use of multiple awarded vendors will allow the County to supplement resources, mitigate schedule risk, and maintain project timelines, while continuing to leverage a competitively procured cooperative contract in accordance with County purchasing policies.
