Why would you like to serve on this board/commission?	Both as a community member and a servant leader in schools, I want to serve on this board to give back to our community. Additionally, I am interested in working to increase school and community agency collaboration to support our students with disabilities and their families. It is important to ensure that communities who have been historically marginalized have a voice at the table and one of my roles is to advocate on behalf of and/or bring those voices to the table. I believe we are doing really great work and I am interested in continuing to grow our practices and supports for the community.
Please explain why you are a qualified candidate, including relevant professional experience, to serve on the board/commission.	I have served students with disabilities in the educational setting for 20 years as a para, teacher and administrator. Advocating for students with disabilities and their families is a commitment I have made as an educational leader. Prior to moving to Seattle, I had the great opportunity to participate on the advisory for Deschutes County Behavioral Health for four years. Further, I was on the Children's Forest Board (focus of getting students outside!) in Central Oregon. These experiences and my commitment to advocacy make me a qualified candidate to serve on this advisory board.
