

ICC Meeting Summary December 9, 2023

ICC met on December 9th. PSRC provided a summary of proposed funding updates and shared the Project Delivery Tracking report. PSRC announced that our region met our annual targets and provided some information on the 2024 Funding Competition. The final draft of the 2023 Regional Transportation Priority List was shared and reviewed, and will be finalized for use with the State Legislature and Federal delegation. There were two applications for the Snohomish County Local Public Works Assistance Fund Loan. **A motion was made to move forward with the two projects, it was seconded and approved by ICC members.** Details of the two projects are below:

City of Mountlake Terrace:

Applied for **\$565,962**

Project name: **216th St SW & 48th Ave W SRTS**

- 90 feet of new 12 inch water line tying into the existing 16 inch water main
- New 12 inch storm conveyance system to replace the existing open ditches that will be filled in for the sidewalks.
- Raise the north side of the intersection approximately 1 foot to provide an ADA compliant crossing
- Construct a Gravity block Retaining wall to facilitate the new sidewalks north of the intersection
- Construct 4 new curb bulbouts, including 8 perpendicular curb ramps
- Construct approximately 550 square yards of new and replaced sidewalks
- Full depth replacement of failing pavement within the project limits.
- RRFB for north crosswalk across 48th Ave W
- 2 Radar Speed Feedback Signs approaching the intersection from the north and the south

City of Stanwood

Applied for **\$1,000,000**

Project Name: **Viking Way Phase 2**

This project is the second and final phase of a larger 90th Avenue Extension and Viking Way. This project received funding from the Puget Sound Regional Council RTCC program for engineering, right of way, and construction. The completed project will add a continuous road, curb and gutter, sidewalk, and drainage connecting 92nd Ave NW and 88th Ave NW providing an additional method of East/West travel through Stanwood. The addition will also correct an existing misalignment of the QFC grocery store parking lot and the Port Susan Marketplace.
