- 1) **2024** PSTAA Proposed Spending Plans – Higher Education
- 2) **2024** PSTAA Proposed Spending Plans – K-12 School District
- 3) Summary Spreadsheet **2023** PSTAA Proposed Spending Plans

**Background:** The State of Washington Legislature established the PSTAA account pursuant to RCW 43.79.520<sup>1</sup> and Snohomish County is estimated to receive approximately \$79 million between 2019 and 2036.

On March 10, 2021, the Snohomish County Council passed Amended Motion 21-089<sup>2</sup> providing direction to develop Interlocal Agreements with school districts and higher education institutions with students located inside the regional transit authority's boundaries.

On September 22, 2021, the Snohomish County Council approved Interlocal Agreements for each participating school and adopting their proposed Services and Expenditure plans for the 2021-2022 Program Year.

On July 13, 2022, Council adopted Motion 22-282<sup>3</sup> updating direction for the allocation of PSTAA revenues and making changes to alleviate administratively burdensome components of the funding allocation requirements. Exhibit A to the motion assigns 33% of PSTAA funding to three higher education institutions and divides that funding evenly among them. School Districts receive 67% of the allocation and it is distributed according to their percentage of students residing in the Sound Transit Regional Transit Authority (RTA). It also establishes that 10% of the funding provided to higher education institutions must go to one or more early learning community partners and 50% of the funding provided to school districts must be provided to one or more early learning community partners.

Each Interlocal Agreement requires participating schools to submit a Services and Expenditure Plan by May 31 for the upcoming program year (2024-2025) and a report on the performance of the prior program year (2023-2024) on October 30. A summary of spending plans from 2023-2024 is attached for reference.

**Requested Action:** Move to GLS for Council consideration.
