Proposal: Motion 22-464

Date: December 6, 2022

The proposed Motion would approve the Real Estate Purchase and Sale Agreement for the County's purchase of real property located west south of Ebey Slough in unincorporated Snohomish County Washington, real property identified as APN 28050300200100 for \$615,670.00. Background:

Surface water management is the custodial department for approximately 360 acres of land within an area historically known as Drainage District 6, also known as Chinook Marsh Restoration, in which Snohomish County owns or has a flood easement. Approximately 56 acres of real property has been identified for acquisition within the area of the Ebey Slough that is important to the design and development of the restoration work, providing more open space and to reduce flood risk in the area.

County Council passed amended [Ordinance No. 21-094](#), related to the 2021 budget, making a supplemental appropriation, on November 3, 2021, which allocated funding to the Surface Water Management Fund 415 for this appropriation. Sharla Ann Spoelstra is the owner of the real property and has voluntarily agreed to sell her right, title and interest in the real property to Snohomish County for the negotiated sale price. The Department of Conservation and Natural Resources, Surface Water Management Division and Property Management recommends the purchase of the property.

Current Proposal:

Scope: Approval of a real estate purchase and sale agreement between Sharla Ann Spoelstra (Sellers) and Snohomish County (Buyers) for real property identified as APN 208500300200100; to mitigate flood and ecology impacts to the Ebey Slough.

Duration: The property will transfer to the County by Statutory Warranty Deed.
