

Snohomish County Council

Committee: Finance
ECAF: 2022-0997
Proposal: Motion 22-408

Analyst: Jim Martin
Date: September 29, 2022

Consideration:

Removing Certain Uncollectible Accounts from the County's Accounting Records.

Background

The County has retained a collection agency to pursue the collection of delinquent accounts receivable. The majority of the listed accounts have previously been pursued through this process. Accounts may be deemed uncollectible for reasons such as bankruptcy, death, statute of limitations of six years per RCW 4.16.040, or for other appropriate reasons. This action does not cancel these debts. It is possible that the debts may still be collected, however, it has been determined that the likelihood of such collection is remote.

Current Proposal

For optimal performance and manageability of the accounts receivable system, uncollectible accounts should be periodically removed. The majority of the listed accounts have been outstanding for over six years. There will be no further impact on fund balance because all of the listed accounts have already been recorded as bad debt. The total amount being removed from the system is \$61,384.94.
