Why would you like to serve on this board/commission?	I have always had a strong passion for community involvement and public service, and as a resident of Snohomish County for several years now I want to give back more directly to our community. My experience in both military and civilian roles has reinforced my dedication to service, and I believe that serving on this board/commission would allow me to use my skills and experience to positively impact the lives of others. I want to help address the challenges our community faces and ensure that public services effectively meet the needs of our veterans living in our community-at-large.
Please explain why you are a qualified candidate, including relevant professional experience, to serve on the board/commission.	I served 10 ½ years on active duty in the U.S. Navy, gaining firsthand experience with the unique culture, challenges, and sacrifices that service members and veterans face. I understand the complexities of military service, the unique challenges of transitioning to civilian life, and the concerns that many veterans experience throughout their lifetime. Throughout my career, I have worked in leadership, data analysis, and administrative roles that required strategic problem-solving, policy implementation, and collaboration with dynamic stakeholders. My experience in government, information systems, and process improvement has given me the ability to analyze problems, develop solutions, and advocate for effective programs that serve the public.
Please list community involvement/volunteer activities	Community service has always been a core part of my life, particularly in public safety and mentorship roles. I served as a firefighter with the Leonardtown Volunteer Fire Department, responding to emergencies including fires, hazardous materials incidents, and medical calls. Later, I took on the role of Fire Prevention Committee Chairman, overseeing a \$10,000 budget to support community fire safety initiatives. Additionally, I provided logistical assistance to first responders through South Kitsap Fire and Rescue, ensuring they had the necessary resources to operate safely and effectively. Beyond emergency services, I have been committed to youth development, serving as a Division Officer with the United States Naval Sea Cadet Corps, where I mentored middle and high school students in leadership, teamwork, and community service. I also worked as an Assistant Scoutmaster and Merit Badge Counselor with the Boy Scouts of America, guiding young men in civic responsibility, emergency preparedness, and life skills. These experiences have deepened my commitment to serving the community and supporting those in need.
