RE: Open Space General-Ag Conservation Application #3260  
Parcels: 32032400200400  
Acres: - 4.96 of 5.96

Dear Kristen and LeaAnne:

We have received your \$500.00 filing fee for your application to have the above parcel of land reclassified from Open Space Farm & Agriculture to Open Space General-Ag Conservation, and your receipt is enclosed.

The approval process is a three year process. A complete application, including filing fee, was received and date stamped on February 7, 2023. Therefore, 2023 is considered the application year, 2024 is considered the action for approval or denial year.

You will be notified, by mail, of the decision of approval or denial. If your application is approved, the tax year 2025 will be the first year that will reflect the transfer to Open Space General Classification.

During the application process the Open Space Farm & Agriculture Classification remains in place with the understanding that reclassification has been sought, and the parcel retains the tax reduction until final determination is made by County Council.

If there are any questions with regards to your application, you may be contacted by the field representative for the County Council.

Please feel free to contact the Exemption Department or the Assessor's Office if there are any questions.

Sincerely,

Mary Ann Courtney  
Exemption Division Supervisor  
Snohomish County Assessor's Office
