WRITTEN UPDATE IN LIEU OF PHYSICAL MEETING New and/or updated items indicated by bold italics

### 1. Schedule

### a. Schedule

## • Current Status:

- COVID-19 EFFECTS: Snohomish County has denied Hoffman Construction's claim for compensable schedule time related to the pandemic but has reached consensus with Hoffman on some COVID-compliance costs. Those costs are reflected in a recent executed change order.
- The County considers the pandemic to be a force majeure event. Both Hoffman and Performance continue to fulfill their contractual obligations in reporting potential cost and schedule impacts, and both continue to follow state guidelines in performing their work.
- Due to the pandemic's impacts upon labor availability and supply chain, building user groups will remain in temporary offices longer than originally scheduled.
- The exact length of any schedule delays is still being calculated and is based on pandemic-related impacts.

## b. Upcoming Activities – see also 5.a-5.b. and 6.a.-6.c.

Complete fireproofing, ceilings, and overhead MEP (mechanical, electrical, and plumbing) in the building; complete tile floors and carpeting on Levels 3 through 5; apply final coats of paint to the reconfigured spaces on Levels 3 and 5, including District Court Probation Urinalysis; install seismic collector plates over Courtroom 5B; complete renovations in the central public corridor of Level 5; continue transforming the former Level 3, 4, and 5 restrooms into family restrooms and janitor's closets; complete transforming the vacated Courtroom C304 and nearby rooms into Courtroom 3C and its support spaces; install ceiling tiles in the corridor outside Courtrooms 3C, 3E and 3F; commission Courthouse elevator cars 1 and 2; complete renovations in and above Courtroom 3E and associated jury room.

### c. Progress to Date

Framed, sheetrocked, and roughed in plumbing and electrical for a new vestibule and jury restroom on Level 3; began building the bench and jury box in Courtroom 4A; installed ceiling grid in the corridor outside Courtrooms 3C, 3E and 3F; relocated the doors for a jury deliberation room and judicial restroom on Level 3; completed the south seismic shearwall; completed drywall and ceiling grid in Courtroom 4A and its support spaces; completed the concrete masonry walls for Courtroom 4A's holding area; turned over Courtroom 3F and the new Sheriff's Office public lobby; installed overhead MEP and in-wall electrical on the top three floors; remodeled the existing Courthouse public elevators.

#### 2. Contract Metrics

- a. Hoffman given Notice To Proceed: 7/30/2018
- b. Phase 1 Completion: 3/12/20
- c. Phase 2 Substantial Completion: Estimated to shift to approximately 6/17/21 due to COVID-related schedule adjustments. The Project Team is working closely with Hoffman Construction and Performance Abatement to minimize COVID-related schedule impacts to the maximum extent possible. However, further adjustments to scheduled completion may be necessary due to continued COVID-related impacts. The Project Team will inform stakeholders when schedule adjustments become necessary and are further refined.
  - Subject to change due to pandemic-related schedule impacts. These are still being measured by Hoffman Construction and Performance Abatement and will then be reviewed and assessed by the Project Team.
  - The current substantial completion date reflects non-compensable time extensions resulting from removal of contaminated soils and the remnants of the old County Detention Home, and from the February 2019 snowstorms.
- d. Original Project Budget (approved by Council 7/30/2018): \$76,579,770
  - Adjustment due to removal of art allowance: -\$441,417
  - Revised Project Budget: \$76,138,353
- e. Work Complete and Invoiced Through 3/31/2021: \$68,422,245

## 3. Changes

None at this time.

## 4. Upcoming Project Decisions Needing Court Input

## 5. Stakeholder Concerns

- a. **Phase 2 Office Move Plan** The general Phase 2 office moves plan has been distributed by Facilities and Fleet Management. Lynn Gray from Facilities is working with each building user group on moving specific offices and individuals at specific times, once their destination spaces are ready. COVID-19 has impacted this schedule and user groups will be delayed moving to destination spaces.
- b. Minimizing Noise Disruptions While most of the project work now occurs in the evening, the Project Team continues to provide advance notice to Superior and District Courts regarding daytime activities which may carry major noise impacts, especially those which must continue in order to maintain schedule.
- c. **Temporary Office Use** Given numerous unforeseen COVID impacts on the project, building user groups have been and will be in temporary offices longer than anticipated. This delay has caused some level of frustration within the user groups as well as for the

Project Team. The Project Team is making every effort to minimize impacts and communicate known estimates and milestones as much as possible.

## 6. Announcements / Action Items

- a. **Central Corridor on Level 3 (Outside Courtrooms 3E and 3F)** Renovations in this corridor will continue throughout May. As with the public corridors on Levels 1 and 2, the contractor will provide a walkable route.
- b. **Courtroom 3E** Renovations are starting and will continue throughout May.
