# **Courthouse Project Update 5.21.21**

WRITTEN UPDATE IN LIEU OF PHYSICAL MEETING New and/or updated items indicated by bold italics

#### 1. Schedule

#### a. Schedule

### Current Status:

- COVID-19 EFFECTS: Snohomish County has denied Hoffman Construction's claim for compensable schedule time related to the pandemic but has reached consensus with Hoffman on some COVID-compliance costs. Those costs are reflected in a recent executed change order.
- The County considers the pandemic to be a force majeure event. Both Hoffman and Performance continue to fulfill their contractual obligations in reporting potential cost and schedule impacts, and both continue to follow state guidelines in performing their work.
- Due to the pandemic's impacts upon labor availability and supply chain, building user groups will remain in temporary offices longer than originally scheduled.
- The exact length of any schedule delays is still being calculated and is based on pandemic-related impacts.

### b. Upcoming Activities – see also 5.a-5.b. and 6.a.-6.c.

Complete fireproofing, ceilings, and overhead MEP (mechanical, electrical, and plumbing) in the building; complete tile floors and carpeting on Levels 3 through 5; apply final coats of paint to the reconfigured spaces on Levels 3 and 5, including District Court Probation Urinalysis; complete renovations in the central public corridor of Level 5; continue transforming the former Level 3, 4, and 5 restrooms into family restrooms and janitor's closets; commission Courthouse elevator cars 1 and 2; complete renovations in and above Courtroom 3E and associated jury room.

#### c. Progress to Date

Assembled the bench module, witness box, and jury box for Courtroom 4A; transformed the vacated Courtroom C304 and nearby rooms into Courtroom 3C and its support spaces; installed seismic collector plates over Courtroom 5B; framed, sheetrocked, and roughed in plumbing and electrical for a new vestibule and jury restroom on Level 3; began building the bench and jury box in Courtroom 4A; installed ceiling grid in the corridor outside Courtrooms 3C, 3E and 3F; relocated the doors for a jury deliberation room and judicial restroom on Level 3; completed the south seismic shearwall; completed drywall and ceiling grid in Courtroom 4A and its support spaces; turned over Courtroom 3F and the new Sheriff's Office public lobby; installed overhead MEP and inwall electrical on the top three floors; remodeled the existing Courthouse public elevators.

#### 2. Contract Metrics

- a. Hoffman given Notice To Proceed: 7/30/2018
- b. Phase 1 Completion: 3/12/20
- c. Phase 2 Substantial Completion: Estimated to shift to approximately 6/18/21 due to COVID-related schedule adjustments. The Project Team is working closely with Hoffman Construction and Performance Abatement to minimize COVID-related schedule impacts to the maximum extent possible. However, further adjustments to scheduled completion may be necessary due to continued COVID-related impacts. The Project Team will inform stakeholders when schedule adjustments become necessary and are further refined.
  - Subject to change due to pandemic-related schedule impacts. These are still being measured by Hoffman Construction and Performance Abatement and will then be reviewed and assessed by the Project Team.
  - The current substantial completion date reflects non-compensable time extensions resulting from removal of contaminated soils and the remnants of the old County Detention Home, and from the February 2019 snowstorms.
- d. Original Project Budget (approved by Council 7/30/2018): \$76,579,770
  - Adjustment due to removal of art allowance: -\$441,417
  - Revised Project Budget: \$76,138,353
- e. Work Complete and Invoiced Through 4/30/2021: \$68,972,787

### 3. Changes

None at this time.

### 4. Upcoming Project Decisions Needing Court Input

Due Date	Item

### 5. Stakeholder Concerns

- a. Phase 2 Office Move Plan The general Phase 2 office moves plan has been distributed by Facilities and Fleet Management. Lynn Gray from Facilities is working with each building user group on moving specific offices and individuals at specific times, once their destination spaces are ready. COVID-19 has impacted this schedule and user groups will be delayed moving to destination spaces.
- b. Minimizing Noise Disruptions While most of the project work now occurs in the evening, the Project Team continues to provide advance notice to Superior and District Courts regarding daytime activities which may carry major noise impacts, especially those which must continue in order to maintain schedule.
- c. **Temporary Office Use** Given numerous unforeseen COVID impacts on the project, building user groups have been and will be in temporary offices longer than anticipated. This delay has caused some level of frustration within the user groups as well as for the

Project Team. The Project Team is making every effort to minimize impacts and communicate known estimates and milestones as much as possible.

### 6. Announcements / Action Items

- a. **Project Substantial Completion (currently estimated mid- to late June)** While the substantial completion of Phase 2 is a significant milestone, it is not the cessation of all project activity. As is typical with major construction projects, the contractor will be on Campus throughout the summer to complete or correct punch list items which will be identified by the Project Team and architect. The Project Team will notify affected building tenant groups of any specific impacts; this also holds true for addressing any warranty items which may arise over the next 12 months.
- b. **Courtroom 3E** Renovations will continue throughout May, and the contractor will address punch list items specific to this courtroom in early June.

Figure 1: Courtroom Rosetta Stone: Courtroom Assignments – Updated 1/8/2021

	COURTROO	M DESIGNATION	NS BY FLOOR AND BY JUDGE
NEW	CURRENT	JUDGE	NOTES
5A	Superior Dept 12	Ellis

## PROJECT DASHBOARD

Budget Status Summary					
	Project As Approved 07/30/2018	Expended To Date 04/30/2021	Percentage Complete		
Total Project Budget *	\$76,138,353	\$68,972,787	90.59%		
Contingencies & Allowances **	\$4,014,016	\$2,309,544	57.54%		
Project Duration***	151 weeks	145 weeks	96.03%		

#### NOTES:

<sup>\*\*\*</sup> Based on Hoffman Construction's projected substantial completion. Per the most recent accepted schedule, the project duration is 136 weeks.

Schedule Status Summary	
Council Approval / Notice To Proceed	07/30/2018
Phase 1 Completion	03/12/2020
Phase 2 Projected Completion*	06/18/2021*

<sup>\*</sup> Source: Current Hoffman Construction schedule

### **Risks & Closely Monitored Issues**

- 1. Risks to schedule and budget from pandemicrelated labor shortages and social distancing safeguards; see *Coronavirus-Related Impacts* on p. 2 and *Pending Changes* on p. 4.
- **2.** Potential for undiscovered conditions inside the Courthouse during Phase 2 renovations.
- 3. Minimizing disruptions to Superior and District Courts' operations. Communications between Courts and construction field supervision is frequent and well-managed.
- **4.** Site Security: Securing and safeguarding tools / materials, controlling construction access.
- **5.** Maintaining accessible walking routes within or through selected building renovation areas.

	Owner Conti	ngency Usage	
DAC	Description	Approved to Date	Balance
	Original Balance		\$2,207,087
	Adjustment (see Revisions, p. 4)	(\$428,739)	\$2,635,826
6005	Hoffman	\$913,871	
4118	Performance Abatement	\$512,308	
4122	Mayes	\$24,742	
4103	SLAM	\$41,440	
4109	OAC	\$554,450	
4601	OCIP / Builder's Risk Policy Extension	\$60,060	
	Total:	\$1,673,126	\$533,961

User Funded Enhancements				
Description	Approved to Date			
Courtroom AV Revisions	\$312,925			
Jury Assembly Room Platform	\$84,479			
COVID Compliance	\$146,411			
District Court Casework Revisions	\$10,774			
Total:	\$554,619			

Hoffman Risk Contingency Usage						
DAC	Description	Balance				
6005	Original Balance		\$1,276,929			
6005	2018 Usage	(\$0)	\$1,276,929			
6005	2019 Usage	\$25,233	\$1,251,696			
6005	2020 Usage	\$125,906	\$1,125,790			
6005	Q1 2020 Usage	\$73,070	\$1,052,720			
	Total:	\$224,209	\$1,052,720			

	Hoffman Al	lowance Usage	
DAC	Allowance Description	Approved to Date (Running Subtotals)	Balance
6005	Addendum 4 not incorporated into bids	\$150,000	\$0
6005	Replace existing faulty piping	\$25,000	\$0
6005	Remove/reinstall items to facilitate work	\$70,798	\$29,202
6005	MEP temp workarounds not identified	\$112,078	\$17,922
6005	Non- backchargeable trade damage	\$19,145	\$50,855
6005	Selective OT to maintain schedule	\$34,126	\$5,874
6005	Allowance – Existing slab patching/infill not shown	\$1,062	\$13,938
	Total:	\$412,209	\$117,791

<sup>\*</sup> Per scope approved by Council 7/30/2018, including removal of the Art Allowance. Scope remains unchanged from that which Council approved.

<sup>\*\*</sup> Contingencies and allowances are included in the Total Project Budget. The total expended does not include the user-funded enhancements itemized to the right of this paragraph.

# Coronavirus-Related Impacts Since previous report

COVID-19 has necessitated extending the duration of the project's owner-controlled insurance program (OCIP). Premiums for this extension are projected to total as high as \$60,060 and are captured in both the Project Dashboard and Appendix A, Budget Status.

The Project Team and Hoffman Construction reached consensus on some COVID-related compliance costs, which are reflected in Hoffman Change Order No. 25 for \$146,441. On September 1, the County denied Hoffman Construction's claim, which Hoffman filed in response to a declined change order for a compensable schedule time extension. Should Hoffman elect to pursue the claim after the project's substantial completion, then, per contract, Hoffman and the County must complete non-binding confidential mediation within 240 days of substantial completion.

The County views the COVID-19 pandemic as a force majeure event. (Other examples of force majeure are natural disasters and unusually severe weather conditions.) Hoffman Construction and Performance Abatement continue to perform their contractual duties.

As a result of pandemic-related impacts to contractors, subcontractors, and suppliers, building user groups will remain in temporary offices longer than originally scheduled. The exact length of schedule delays is still being calculated and is dependent upon available labor.

# Construction Progress April and early May 2021

Hoffman Construction and/or Performance Abatement have achieved the following:

- Continued transforming the east half of fourth floor into Courtroom 4A, its chambers and jury room, a family restroom, the janitor's closet, and associated public and private corridors.
  - Assembled casework for the bench, jury box, and jury deliberation room.
  - Framed and filled in the south courtroom wall through which casework was loaded.
  - Installed carpet tile in offices, hallways, the jury assembly room, and the courtroom itself.
  - Painted walls in the courtroom, chambers, associated restrooms, corridors, elevator lobby, and incustody holding area.
- Continued renovation of Courtroom 3E.
  - HVAC revisions.
  - New carpet tile.
  - Power and data floor boxes for counsel tables.
  - New ceiling and lighting.
- Continued transformation of the old Superior Court Criminal Hearings Courtroom (C304) into District Court Hearing Courtroom 3C and its support offices.
  - Painted walls.
  - Installed casework in the courtroom, media room, and support area waiting room.
- Installed door frames and hung doors in all renovation areas of third, fourth, and fifth floors.
- Completed the ceiling on second floor at the south seismic shearwall.

- Plumbed, and began installing tile in, the family restrooms and janitor's closets on the top three floors of the courthouse.
- Began installing new HVAC and aboveceiling seismic collector plates in the third-floor shell space.
- Began building out the District Court Probation Urinalysis office and test room.
- Framed and drywalled the new staff access corridor on the west side of third floor.
- Built a new jury restroom for District Court between Courtrooms 3A and 3B.
- Began closing walls and ceilings in the basement where they meet the south seismic shearwall's footing.
- Completed ceilings above the public corridors and reconfigured Superior Court Programs offices on fifth floor.

# **Upcoming Construction Activities**May and June 2021

As a significant project milestone, Performance Abatement has completed the demolition and abatement work necessary for Courthouse renovation. Hoffman Construction is actively working on the following, leading up to substantial completion of Phase 2:

- Complete Superior Court Courtroom 4A, District Court Courtroom 3C, and their associated support spaces.
  - o Apply final coats of paint.
  - Complete power, data, and audiovisual connections in the bench module in 4A.
  - Complete plumbing and tile in the adjacent chambers and jury restrooms.
- Complete renovations in Courtrooms 3E and 5B and return those rooms to Superior Court.

- Complete painting, carpeting, restroom tile, and wall base in the areas between District Court Courtrooms 3A and 3B.
- Complete building out the north central side of third floor, including the District Court Probation Urinalysis office and test room.
  - Lay carpeting and rubber base.
  - Lay bathroom tile for the UA test room.
  - Install ceilings and lighting.
- Complete plumbing and tile in the family restrooms and janitor's closets on the top three floors of the courthouse.
- Complete flooring, ceilings, and paint in the public and new private corridors on third, fourth, and fifth floors.
- Complete reconfiguration of the Superior Court Programs office suite on fifth floor.
- Complete walls and ceilings around the basement segment of the south seismic shearwall.
- Perform punch list walks of third, fourth, and fifth floor renovation areas with the Project Team and architect.

# A Note About Substantial Completion Estimated mid- to late June 2021

While the substantial completion of Phase 2 is a significant milestone, it is not the cessation of all project activity. As is typical with major construction projects, the contractor will be on Campus throughout the summer to complete or correct punch list items which will be identified by the Project Team and architect. The Project Team will notify affected building tenant groups of any specific impacts; this also holds true for addressing any warranty items which may arise over the next 12 months.

### **Project Scope**

This project will occur in two phases:

- Phase 1 substantially complete in March 2020.
  - New entry tower to the existing 1967 courthouse, to help right-size the building for the County's needs.
  - Seismic bracing for the existing courthouse via the addition (entry tower).
  - New jury assembly room, new accessible elevators, and a new public entry within the addition.
  - New, accessible restroom core within the existing courthouse.
- Phase 2 is in progress and, subject to change due to COVID-19, completion is estimated to be mid- to late June 2021.
  - Renovate the existing courthouse, to provide at least one accessible courtroom on each floor.
  - Seismic bracing via a shearwall on the building's south face.
  - Free up space within the existing courthouse for the limited provision of those separated circulations—public, private/staff, and secure/in-custody—which conform to modern courthouse operating practices.
  - Free up enough space within the existing courthouse to provide a permanent home for an existing superior court judicial seat.
- During both phases, as portions of the existing courthouse become available:
  - Remodel of selected Superior and District Court courtrooms.
  - Refurbish the existing public elevators.

## **Pending Changes**

- Revisions (see Cost Events Approved Within The Last 60 Days, pages 10-11):
  - Hoffman Change Order No. 28 (\$71,471).
  - Performance Abatement Change Orders No. 3 (\$148,496) and No. 4 (\$130,869).
  - Adjusted Owner Contingency:
    - Prior to bid solicitation for the demolition and abatement contractor in 2018, the Project Budget set aside \$4,679,585 for demolition and abatement.
    - Performance Abatement's original contract award was for \$4,250,846 including sales tax.
    - This is a difference of \$428,739.
    - Since change orders for both Hoffman and Performance are drawn from owner contingency, it is logical to include the difference in owner contingency.
  - Additional premiums for extending the duration of the project's OCIP / Builder's Risk insurance policy (see Coronavirus-Related Impacts, page 2) amount to \$60,060.
- The project team is reviewing several changes requested, which include:
  - Additional demolition, abatement, and fireproofing performed to accommodate renovation work.
  - Cutting into masonry (CMU) for duct reroutes.
  - Field modifications to millwork, casework, and windowsills.
  - Lighting control and HVAC revisions for the existing Courthouse.
  - Plumbing and sanitary vent reroutes on various floors.
  - Contractor overtime for weekend work, to avoid disrupting building operations.

### **Communications**

Courthouse Project Team members have worked with building users, the Courthouse Security Unit, and the Executive's Communications Office since mid-May 2018 to alert staff and public to the start and impact of construction.

### Methods of communication include:

- Recurring virtual meetings with key building user groups during the current public health emergency.
- Weekly written project update, in lieu of physical meetings, for all building user groups and representatives of the Council and Executive's Office.
- Public Website: <a href="https://snohomishcountywa.gov/4094/Ca">https://snohomishcountywa.gov/4094/Ca</a> mpus-Courthouse
- · Snohomish County Connects articles.
- All Hands emails from Facilities.
- Slideshows on elevator lobby monitors in the administration buildings.
- Temporary signage on Campus and inside the Courthouse.
- Public and Staff Notices, posted to the website or attached to internal emails.
- Meetings with key building user groups to plan office moves for Phase 2.

The Project Team will continue to keep the public and County staff informed of major activities. Furthermore, in addition to the Council archiving this series of Council updates to Granicus, we are also distributing them via email to key building tenant contacts and archiving them to the project's public website.

### **Appendix A: Budget Status**

The budget status for the project is shown in the chart on the following pages. Costs and budgets are through the end of April 2021. Year-end reconciliations for 2020 are included in these figures.

### Items of note:

1. UPDATE: The tan-highlighted rows under GCCM Costs and Project Soft Costs / Owner Direct work represent approved change orders which appear on Hoffman pay applications and consultant invoices. As mentioned on page 4, the demolition and abatement line now reflects the original 2018 contract award; the remainder has been folded into owner contingency. While demolition and abatement work on the project has concluded, some proposed change orders for Performance Abatement are still under review.

Additionally, as of December 2020, we are tracking the remodel of the Sheriff's Civil / Records area under Architect's Supplemental Instructions (ASI) No. 58 under a new Designated Accounting Code (DAC) suffix for the project (6012).

- 2. The tan-highlighted row for *Remaining Owner Project Contingency* corresponds to the approved and executed change orders and the contingency status in Sections D and E.
- 3. The yellow-highlighted row represents a change in tracking expenditures to date, as building commissioning services are being provided under the aegis of GCCM compliance and project and construction management. The *Expenditures To Date* and *Forecast To Complete* columns reflect this.
- 4. Building User-Funded Project Enhancements, which are externally funded by Courthouse tenant organizations (i.e., not funded by the project budget). This line reflects enhancements approved and included in executed change orders, using project contingencies as a "pass-through" to pay for them and to receive reimbursement funds from user groups at the conclusion of a fiscal year. Expenditures and reimbursements will balance without impact on the project budget. Values are illustrated for tracking and overall accounting purposes.

To date, the project has tracked \$554,619 in user-funded project enhancements.
