

Snohomish County Council

Committee: Finance
ECAF: 2021-0175
Proposal: Mot. 21-175

Analyst: Jim Martin
Date: May 5, 2021

Consideration:

Authorizing the County Executive to sign a consultant services agreement for environmental remedial investigation planning and implementation at Snohomish County Airport at Paine Field.

Background

Snohomish County Airport wishes to have an environmental remedial investigation planning and implementation study performed at the former Tect site, where there is a significant amount of solvent and hydrocarbon contamination in soil and groundwater from prior tenants. Paine Field has selected Landau Associates, Inc. from the Snohomish County Public Works On-Call list, and has negotiated a scope of work and fee for this work, as well as having applied for a grant from the Department of Ecology that would offset the agreement costs, if awarded. The not to exceed amount for this agreement is \$54,000.

Current Proposal

This motion authorizes the County Executive to execute a consultant services agreement for environmental remedial investigation planning and implementation at Snohomish County Airport at Paine Field, not to exceed \$54,000.
