ITEM TITLE:

..Title

Ordinance 23-062, relating to the Growth Management Act, amending Appendix B of the Countywide Planning Policies for Snohomish County to Establish 2044 Initial Housing Growth Targets

..body

DEPARTMENT: Planning and Development Services

ORIGINATOR: Stephen Toy

EXECUTIVE RECOMMENDATION: Approved by Ken Klein 6/12/23

PURPOSE: To adopt amendments to Appendix B (Growth Targets) of the Countywide Planning Policies based on the 2044 initial housing growth target recommendation of Snohomish County Tomorrow.

BACKGROUND: The proposal would amend the Countywide Planning Policies (CPPs) by adding the 2044 initial housing growth targets to Appendix B, joining the 2044 initial population and employment growth target tables previously adopted by the County Council on February 23, 2022 (Ord. 22-003). The 2044 initial housing growth targets were recommended by the Snohomish County Tomorrow (SCT) Steering Committee on May 24, 2023 and were developed using the SCT process called for in CPP GF-5. As required by the E2SHB 1220 amendments to the Growth Management Act in 2021, the initial housing targets were based on the existing and projected housing needs for Snohomish County, as provided by the State Department of Commerce, and distributed to jurisdictions based on Commerce guidance and the adopted 2044 initial population targets. Once adopted, jurisdictions in Snohomish County will be required to use the 2044 initial housing growth targets for at least one of the plan alternatives evaluated for their 2024 GMA plan updates.

8
9 RELATING TO THE GROWTH MANAGEMENT ACT, AMENDING APPENDIX B OF THE
10 COUNTYWIDE PLANNING POLICIES FOR SNOHOMISH COUNTY TO ESTABLISH 2044
11 INITIAL HOUSING GROWTH TARGETS
12

13 WHEREAS, the Growth Management Act (GMA), RCW 36.70A.210(2), requires the
14 legislative authority of each county which is subject to the GMA’s comprehensive planning
15 requirements to adopt a countywide planning policy (CPP) framework in cooperation with the
16 cities and towns within that county, and from which the county, city and town comprehensive
17 plans are developed and adopted; and
18

19 WHEREAS, RCW 36.70A.210 also requires that the CPPs govern interjurisdictional
20 consistency of county and city planning efforts and implementation of GMA requirements for
21 designating urban growth areas (UGAs), including the establishment of 20-year growth
22 allocations used as the basis for designating UGAs pursuant to RCW 36.70A.130(3); and
23

24 WHEREAS, the County most recently revised CPPs through Ordinance 22-003, effective
25 March 6, 2022; and
26

27 WHEREAS, CPP GF-5 requires that the cities and county engage in the cooperative
28 planning process of Snohomish County Tomorrow (SCT) to establish a subcounty allocation of
29 projected growth for coordination of city and county growth management plans, using the State
30 Office of Financial Management’s (OFM) population projections for Snohomish County and the
31 numeric guidance provided by the Puget Sound Regional Council’s (PSRC) VISION 2050
32 Regional Growth Strategy (RGS) as a starting point for this effort; and
33

34 WHEREAS, following an extensive SCT effort through the Planning Advisory
35 Committee (PAC), culminating in a recommendation by the SCT Steering Committee, the
36 County Council adopted Ordinance No. 22-003 on February 23, 2022, amending Appendix B of
37 the CPPs by establishing initial population and employment growth targets for the year 2044;
38 and
39

40 WHEREAS, CPP GF-5 also calls for use of the SCT process to develop initial housing
41 growth targets for cities, unincorporated UGAs, and unincorporated municipal urban growth
42 areas (MUGAs), and the rural/resource area; and
43

ORDINANCE NO. 23-062
RELATING TO THE GROWTH MANAGEMENT ACT, AMENDING APPENDIX B OF THE COUNTYWIDE
PLANNING POLICIES FOR SNOHOMISH COUNTY TO ESTABLISH 2044 INITIAL HOUSING GROWTH
TARGETS

1 WHEREAS, in 2021 the State Legislature passed, and the Governor signed, E2SHB 1220
2 which gave authority to the State Department of Commerce (“Commerce”) to identify existing
3 and projected housing needs for use in the updating of local GMA housing elements; and
4

5 WHEREAS, in 2022 the PAC of SCT, through its housing working group, began
6 preparing a new housing characteristics and needs report, as required by CPP HO-5, including
7 the development of the 2044 initial housing growth targets based on the adopted initial
8 population targets; and
9

10 WHEREAS, during 2022 Commerce began issuing draft guidance and numeric housing
11 needs information at the county-level, along with a methodology for distributing total housing
12 needs from the county to individual jurisdictions using their Housing for All Planning Tool
13 (HAPT); and
14

15 WHEREAS, in August of 2022 the PAC housing working group began using the draft
16 Commerce guidance and HAPT numeric output to prepare draft 2044 initial housing growth
17 targets for inclusion in the HO-5 report; and
18

19 WHEREAS, on December 8, 2022, the PAC reviewed the draft HO-5 housing
20 characteristics and needs report, including the draft 2044 initial housing growth targets, as
21 provided by the PAC housing working group; and
22

23 WHEREAS, on March 1, 2023, Commerce finalized the HAPT housing needs for the
24 year 2044 for Snohomish County; and
25

26 WHEREAS, on April 13, 2023, the PAC reviewed and approved the updated draft HO-5
27 report, including revised draft 2044 initial housing growth targets consistent with Commerce’s
28 final HAPT housing needs projections for Snohomish County, and recommended to the SCT
29 Steering Committee that it accept the new report, entitled *Housing Characteristics and Needs in*
30 *Snohomish County*, and recommend adoption of the 2044 initial housing growth targets for
31 inclusion into Appendix B of the CPPs; and
32

33 WHEREAS, following briefings on the HO-5 report and E2SHB 1220 requirements on
34 October 26, 2022, and March 22, 2023, the SCT Steering Committee reviewed the HO-5 report
35 and 2044 initial housing growth targets recommended by PAC on April 26, 2023; and
36

37 WHEREAS, on May 24, 2023, the SCT Steering Committee accepted the HO-5 report
38 prepared by the PAC, and recommended that the 2044 initial housing targets contained in the
39 report be forwarded to the County Council for adoption into Appendix B of the CPPs; and
40

41 WHEREAS, CPP GF-5 requires that the Snohomish County Council consider the
42 recommendation of the SCT Steering Committee on the subcounty allocation of growth for
43 cities, unincorporated UGAs, unincorporated municipal urban growth areas (MUGAs), and the

TARGETS

1 rural/resource area of the county, and adopt 20-year GMA growth targets into Appendix B of the
2 CPPs; and

3
4 WHEREAS, the County Council held a public hearing on _____, 2023, to consider
5 the entire record, including the SCT Steering Committee recommendation on the 2044 initial
6 housing growth targets for adoption into Appendix B of the CPPs, and to hear public testimony.

7
8 NOW, THEREFORE, BE IT ORDAINED:
9

10 Section 1. The County Council makes the following findings of fact:

11
12 A. The County Council adopts and incorporates the foregoing recitals as findings as if set forth
13 fully herein.

14 B. The revisions would expand the initial growth target tables contained in Appendix B of the
15 CPPs to include initial 2044 housing growth targets to complement the adopted 2044 initial
16 population and employment growth targets.

17 C. The County Council adopts and incorporates the following findings of fact related to the SCT
18 process for developing the CPP amendments:

19 1. In 2021, the GMA was amended by E2SHB 1220 to instruct local governments to “plan
20 for and accommodate housing affordable to all economic segments of the population of
21 the state.” To help accomplish this, the bill assigned a central role to Commerce to
22 provide countywide projections of housing needs, and to provide guidance for how
23 counties, working in collaboration with their cities, can allocate these projected
24 countywide housing needs to local jurisdictions.

25 2. In order to develop the housing need allocations in time for jurisdictions to use in their
26 2024 comprehensive plan updates, work at the PAC HO-5 working group of SCT
27 commenced in mid-2022 using draft guidance materials provided by Commerce on their
28 projected housing needs methodology.

29 3. The countywide housing needs forecast for 2044 is based on Snohomish County’s
30 adopted initial population target 1,136,309 for 2044, as contained in Appendix B of the
31 Countywide Planning Policies.

32 4. Using Commerce’s guidance and final countywide 2044 housing needs results generated
33 by the HAPT model, released on March 1, 2023, Snohomish County’s countywide
34 population target was translated into a countywide total housing target for 2044 by:

35 a) Projecting total future household population by removing future assumed group
36 quarters population from the adopted 2044 total population target for the county,

37 b) Dividing the future household population by an assumed 2044 average household size
38 to arrive at total projected households, and

39 c) Adding vacant units needed for ample choice for a healthy housing market to operate.

ORDINANCE NO. 23-062
RELATING TO THE GROWTH MANAGEMENT ACT, AMENDING APPENDIX B OF THE COUNTYWIDE
PLANNING POLICIES FOR SNOHOMISH COUNTY TO ESTABLISH 2044 INITIAL HOUSING GROWTH
TARGETS

- 1 5. Following these steps arrived at a total countywide 2044 housing unit need of 484,791.
2 Net new housing units needed countywide from 2020-2044 was then calculated by
3 subtracting the 2020 countywide housing base of 317,348 from the total 2044 housing
4 unit projection, resulting in a countywide need of 167,443 housing units for the period
5 2020-2044.
- 6 6. Commerce’s population to housing translation assumptions are intended to account for
7 the historic under-production of housing in Washington State over the past decade or
8 more, during which housing supply has not kept pace with demand. This has led to rising
9 housing costs, households “doubling-up,” overcrowding living spaces, and delayed
10 household formation (e.g., young adults living with parents instead of finding their own
11 housing). Commerce’s methodology for projected housing needs explicitly includes
12 enough housing to remedy the current housing undersupply, as well as address new
13 population growth.
- 14 7. Specific aspects of Commerce’s methodology for translating Snohomish County’s total
15 future population to housing units which are intended to address the current housing
16 undersupply include:
 - 17 a) An assumption that housing units for the homeless population will be provided over
18 time such that the share of group quarters population that was homeless, either
19 unsheltered or living in shelters as revealed in the 2020 Census, will be reduced to
20 zero by 2044.
 - 21 b) A resumption of significant average household size declines over time in Snohomish
22 County, from 2.67 in 2020 to 2.48 in 2044.
 - 23 c) An increase in the countywide vacancy rate to 6% by 2044, up from 4.6% countywide
24 in 2020.
 - 25 d) The removal of seasonal units/vacation homes from the 2020 housing base since these
26 units do not accommodate year-round residents.
- 27 8. In order to allocate the countywide housing target to jurisdictions within Snohomish
28 County, the same methodology described above was used at the individual jurisdiction
29 level. The step which involved extra consideration at the jurisdictional level was the
30 projection of average household size in 2044. For this purpose, the PAC HO-5 working
31 group started with each jurisdiction’s estimated additional housing capacity as
32 documented in the 2021 Buildable Lands Report (BLR) and developed projections of
33 additional housing capacity by housing type that would be needed to accommodate the
34 jurisdiction’s adopted 2044 population target. The resulting housing unit mix associated
35 with the jurisdiction’s additional housing capacity was the determinant of the
36 jurisdiction’s future average household size.
- 37 9. As with the adopted population and employment growth targets, housing growth to 2044
38 on tribal lands is not included in the SCT-recommended initial growth targets. This is
39 consistent with the PSRC VISION 2050 Regional Growth Strategy which does not
40 allocate projected growth to tribal lands since these jurisdictions plan outside of the
41 Growth Management Act.

- 1 D. The Appendix B initial housing growth targets are consistent with CPP GF-5 and the
2 Appendix C requirements regarding the establishment of new 20-year GMA initial growth
3 targets, which are required to be used for at least one of the plan alternatives evaluated by
4 cities and the county during development of the local GMA comprehensive plan updates
5 required under the GMA by December 31, 2024.
- 6 E. Appendix C of the CPPs anticipates that following the plan updates conducted by each
7 jurisdiction within the County, the final growth allocations may need to be reconciled. To do
8 this, Appendix C calls for a target reconciliation process conducted through SCT should the
9 preferred target outcome of the city and county GMA plan updates differ. In these situations,
10 SCT shall recommend to the County Council for consideration and adoption a reconciled 20-
11 year housing target allocation that resolves these differences.
- 12 F. The proposed amendments comply with the substantive requirements of the GMA, including
13 RCW 36.70A.110(2) which states that the county shall coordinate with the cities on the
14 location and amount of projected 20-year growth for purposes of ensuring adequate capacity
15 within the UGA to accommodate the projected urban growth.
- 16 G. The amendment to Appendix B of the CPPs is consistent with PSRC’s MPP-RC-1 regarding
17 coordination of planning efforts among jurisdictions.
- 18 H. This amendment to Appendix B of the CPPs is consistent with PSRC’s Multicounty Planning
19 Policy MPP-RGS-1 policy regarding implementation of the VISION 2050 regional growth
20 strategy through the countywide planning policies.
- 21 I. This amendment to Appendix B of the CPPs is consistent with PSRC’s MPP-RGS-2 policy
22 regarding the development of local housing targets based on allocated population targets.
- 23 J. The proposed amendments comply with the procedural requirements of the GMA, including
24 the public participation provisions in RCW 36.70A.035 and .140.
- 25 K. No inconsistencies between the proposed amendments and the GMA have been identified.
- 26 L. No inconsistencies between the amendments and the CPPs have been identified.
- 27 M. Appropriate public participation has been provided through the SCT process and through a
28 public hearing on this ordinance held after public notice.
- 29 N. SEPA requirements for this non-project action have been met through the issuance of
30 Addendum No. ___ of the PSRC VISION 2050 Supplemental Final Environmental Impact
31 Statement on _____.

32

33 Section 2. The County Council makes the following conclusions:

34

- 35 A. The amendments would amend Appendix B of the CPPs by adding two 2044 initial housing
36 growth target tables (Table H1 and Table H2) as set forth in Exhibit A of this ordinance
37 between Tables P2 and E1 of Appendix B.

- 1 B. The amendments to the CPPs satisfy the procedural and substantive requirements of the
- 2 GMA.
- 3 C. The amendments are consistent with the policies of the MPPs.
- 4 D. The amendments are consistent with the policies of the CPPs.
- 5 E. The amendments as set forth in Exhibit A increase consistency between the CPPs and
- 6 PSRC’s VISION 2050 Regional Growth Strategy.
- 7 F. The County has complied with the procedural requirements of SEPA.
- 8 G. The County has complied with state and local public participation requirements under the
- 9 GMA and chapter 30.73 SCC by broadly disseminating the amendments and providing
- 10 opportunities for written comments and public hearing after public notice.

11 Section 3. The County Council bases its findings and conclusions on the entire record before
12 SCT and the County Council, including all testimony and exhibits. Any finding, which should
13 be deemed a conclusion, and any conclusion which should be deemed a finding, is hereby
14 adopted as such.

15
16 Section 4. Based on the foregoing findings and conclusions, Appendix B of the Countywide
17 Planning Policies for Snohomish County, last amended by Ordinance No. 22-003 on February
18 23, 2022, is amended to insert immediately before Table E1 the contents of Exhibit A of this
19 ordinance, which is attached hereto and incorporated by reference into this ordinance as if set
20 forth in full.

21
22 Section 5. The County Council directs the Code Reviser to update SCC 30.10.050 pursuant to
23 SCC 1.02.020(3).

24
25 Section 6. Severability. If any section, sentence, clause or phrase of this ordinance shall be held
26 to be invalid by the Growth Management Hearings Board, or unconstitutional by a court of
27 competent jurisdiction, such invalidity or unconstitutionality shall not affect the validity or
28 constitutionality of any other section, sentence, clause or phrase of this ordinance. Provided,
29 however, that if any section, sentence, clause or phrase of this ordinance is held to be invalid by
30 the Board or unconstitutional by a court of competent jurisdiction, then the section, sentence,
31 clause or phrase in effect prior to the effective date of this ordinance shall be in full force and
32 effect for that individual section, sentence, clause or phrase as if this ordinance had never been
33 adopted.

ECAF: 2023-0675
Proposal: Ordinance 23-062 **Date:** June 20, 2023

Consideration

Proposed Ordinance 23-062 would amend Appendix B of the Countywide Planning Policies (CPPs) to establish 2044 initial housing growth targets.

Background and Analysis

The Growth Management Act (GMA) requires counties to adopt CPPs to ensure consistency between city and county comprehensive plans ([RCW 36.70A.210](#)). In 2022, the County Council adopted initial population targets into the CPPs (Ord. 22-003). Jurisdictions must use these for at least one of the alternatives studied for their comprehensive plan updates due in 2024. Initial population targets do not include targets for number of housing units. The requirement for housing unit targets is new (enacted by E2SHB 1220 in 2021) and the Washington State Department of Commerce had not yet provided guidance on how to prepare initial housing unit growth targets at the time of Ord. 22-003. Commerce has since provided its guidance. Snohomish County Tomorrow (SCT), the body that recommends CPPs to the County Council, developed a methodology using Commerce's guidance to convert the population targets into housing unit targets. The results are the initial housing targets recommended by SCT to the County Council in Ordinance 23-062.

Current Proposal

Scope: Ordinance 23-062 would amend Appendix B of the CPPs to add housing unit targets.

Fiscal Implications: None

Handling: Normal¹

Snohomish County Tomorrow: Approve

Risk Management: Approve

Finance: Approve

Executive Recommendation: Approve

Approved-as-to-form: Yes

Request: Move to General Legislative Session on June 28 to set time and date for a public hearing.

¹ The ECAF transmitted to Council was marked as expedite with a June 15 deadline, but Council staff confirmed with PDS that this was meant as an internal Executive branch deadline. There is no deadline for council action.

- The 2044 initial housing targets contained in the HO-5 report have been transmitted by SCT to Council for adoption into the Countywide Planning Policies, Appendix B
- They will join the 2044 initial population and employment growth targets adopted into Appendix B by the County Council on February 23, 2022
- The 2044 housing targets are consistent with the adopted 2044 population targets

Snohomish County

Direction for Forecasting Future Housing Needs

PSRC - VISION 2050 MPP-RGS-2

- Use consistent countywide targeting processes for allocating population and employment growth consistent with the regional vision, including establishing: (a) local employment targets, (b) **local housing targets based on population projections**, and (c) local growth targets for each designated regional growth center and manufacturing/industrial center

Countywide Planning Policies for Snohomish County GF-5 and Appendix C

- Subcounty allocation of projected growth shall be established for purposes of conducting the periodic UGA review and plan update required by the Growth Management Act at RCW 36.70A.130(3)
- Includes population, housing and employment target allocations
- The initial targets shall be used for at least one of the plan alternatives evaluated by jurisdictions for their GMA plan updates

Direction for Forecasting Future Housing Needs

- In 2021, HB 1220 amended the GMA housing goal to instruct local governments to “plan for and accommodate housing affordable to all economic segments of the population of the state.”
- The bill calls for Commerce to provide countywide projections of housing needs for all economic segments and guidance for how those needs are to be allocated to local jurisdictions.

Commerce Guidance (July 2022):

- “Commerce will be publishing housing needs projections for each county. Commerce will establish a methodology to project housing needs based on each county’s projected population from OFM. The methodology accounts for both current and projected housing needs by income level.”
- “To allocate projected housing needs to localities, Commerce recommends that counties, in consultation with cities and towns, use the same locally established framework, such as a council of governments or regional council, used to coordinate the allocation of population targets.”

Direction for Forecasting Future Housing Needs

- Once adopted into the CPPs, the County and cities will use these housing need allocation numbers in their analyses for comprehensive plan updates
- COVID delayed the data products needed for preparation of Commerce’s housing needs (e.g., Census 2020 and updated OFM projections)
- Delayed release of housing need numbers from Commerce has compressed the timeline for the County’s 2024 Update
- Final housing projected need numbers for Snohomish County released on March 1, 2023

Countywide Housing Target – Mar-1-2023 Final Commerce Projection

Countywide Housing Target – Mar-1-2023 Final Commerce Projection

Commerce’s methodology includes housing needs associated with both projected population growth **and** historic housing underproduction by including:

- An assumption that housing units for the homeless population will be provided over time such that the share of group quarters population that was homeless as revealed in the 2020 Census will be reduced to zero by 2044.
- A resumption of significant average household size declines over time in Snohomish County, from 2.67 in 2020 to 2.48 in 2044.
- An increase in the countywide vacancy rate to 6% by 2044, up from 4.6% countywide in 2020. A 6% vacancy rate helps to ensure there is enough supply available to reduce intense competition for available units that can otherwise push up rents and housing prices.
- The removal of seasonal units/vacation homes from the 2020 housing base since these units do not accommodate year-round residents.

Countywide Housing Target – Mar-1-2023 Final Commerce Projection

ACCOUNTING FOR HISTORIC UNDER-PRODUCTION OF HOUSING

The issue

- Supply has not kept pace with demand, leading to:
 - Rising housing costs
 - Households “doubling up”
 - Crowding
 - Delayed household formation (e.g., young adults living with parents instead of getting own place)
- The projection model should provide enough housing to account for this current undersupply + new population growth

How we account for this

- Model what average household size should be if new household formation is not constrained by housing supply
 - Account for demographic trends on OFM population projections (aging)
 - Typically results in smaller household sizes
- Calculate future households by applying this average household size to the entire future population (not just increment of growth)
- This provides more units for both the current population as well as the projected growth in population

Countywide Housing Target – Mar-1-2023 Final Commerce Projection

- Fewer units were constructed to accommodate the population growth experienced in Snohomish County during the last decade compared with previous decades
- Commerce projections assume much greater housing construction relative to population growth for 2020-2044

Countywide Housing Target – Mar-1-2023 Final Commerce Projection

- An average household size of 2.48 by 2044 assumes a steeper decline in average household size throughout the 2020-2044 period, one which matches the pace of average household size decline experienced in the county during the 1980's
- Commerce has projected an average household size decline even though the Census 2020 showed an increase in household size to 2.67, likely due to housing shortages during that decade

Countywide Housing Target – Mar-1-2023 Final Commerce Projection

Population by Age and Sex

Snohomish County Population Pyramids
Age distributions from GMA 2022 Draft Forecast

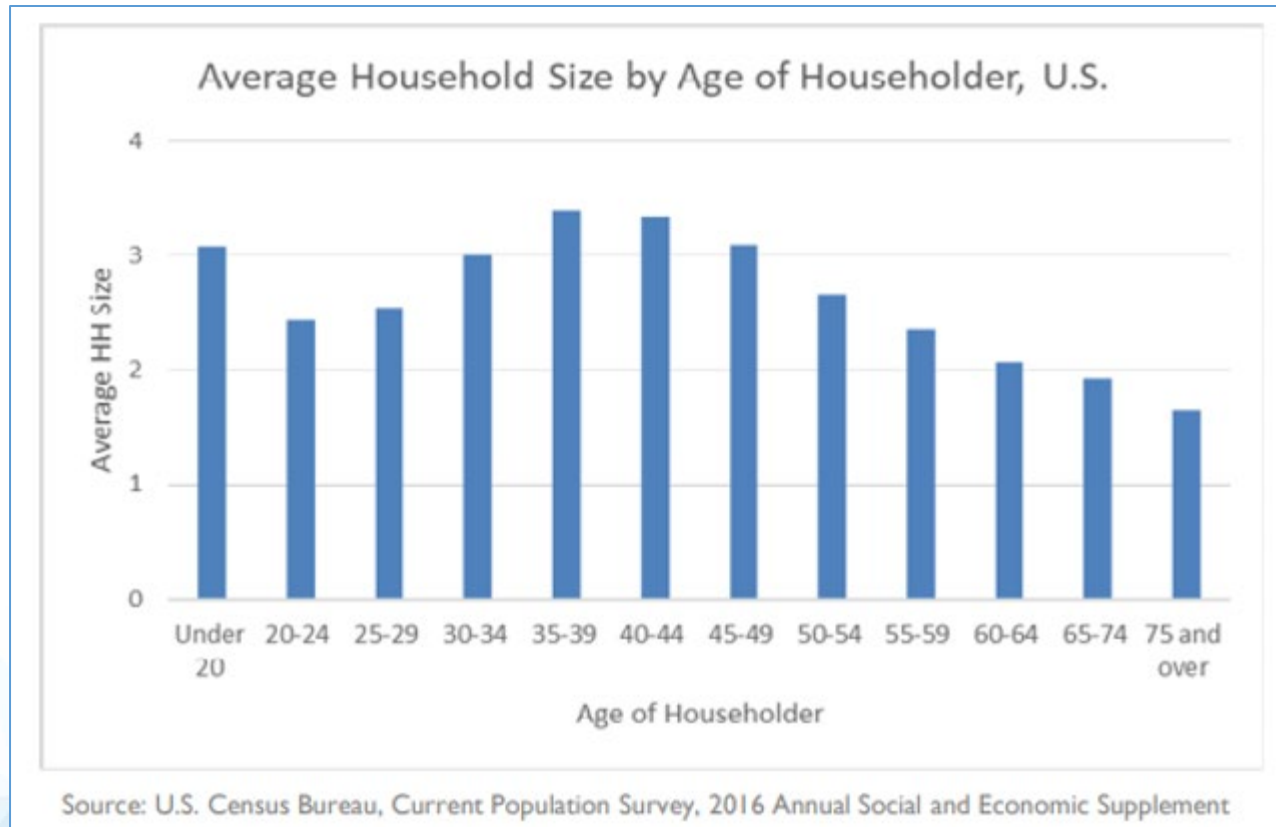

- Why does average household size decline significantly in Commerce’s housing need projection?
- Updated OFM population by age projections released in Dec 2022 showing aging of population

Countywide Housing Target – Mar-1-2023 Final Commerce Projection

AVERAGE HOUSEHOLD SIZE AND DEMOGRAPHIC PROJECTIONS

- OFM population projections show increasing share of population will be older adults.
- This demographic typically lives in smaller households.

Snohomish County

Countywide Housing Target – Mar-1-2023 Final Commerce Projection

Allocation to Jurisdictions

- Countywide housing target was allocated to jurisdictions in Snohomish County following same methodology used by Commerce to determine countywide housing need
- The step which involved extra consideration at the jurisdictional level was step 4 – determining average household size in 2044
- An approach in which the housing unit mix associated with the jurisdiction's additional capacity was used to determine future average household assumptions by jurisdiction

Countywide Housing Target – Mar-1-2023 Final Commerce Projection

Allocation to Jurisdictions – Generally Aligns with Population Growth Distribution

Comparison of Population and Housing Shares by Jurisdiction of Countywide 2020-2044 Growth

Countywide Housing Target – Mar-1-2023 Final Commerce Projection

Allocation to Jurisdictions

- The 2044 initial housing targets recommended by SCT are consistent with the adopted 2044 initial population targets developed by SCT in 2021
- Significant residential projects that are now known or are already underway since development of the population targets are being included as part of the Alternative 3 (Higher Growth) scenario for Snohomish County's 2024 plan update
- Cities are also able to evaluate potential adjustments to the 2044 initial targets as part of their plan alternatives analysis for the 2024 plan updates
- The SCT target reconciliation process will be used to resolve any differences between city and county adopted target outcomes in individual plans following plan updates in 2024.

Next Steps

- County Council public hearing and adoption of initial housing growth targets into Appendix B of the CPPs
- As a significant part of the GMA plan updates required by December 2024, initial housing targets are needed for jurisdictions to evaluate the adequacy of land capacity for accommodating Commerce's projected housing needs
- Additional delays in the establishment of the initial housing growth targets in the CPPs will impact the overall 2024 Plan Update schedule

SNOHOMISH COUNTY COUNCIL
Snohomish County, Washington

NOTICE OF INTRODUCTION OF ORDINANCE
AND
NOTICE OF PUBLIC HEARING

NOTICE IS HEREBY GIVEN, that the Snohomish County Council will hold a public hearing on **Wednesday, July 19, 2023, at the hour of 10:30 a.m.**, and continuing thereafter as necessary, in the Henry M. Jackson Board Room, 8th Floor, Robert J. Drewel Building, 3000 Rockefeller, Everett, Washington, to consider proposed Ordinance No. 23-062, titled: RELATING TO THE GROWTH MANAGEMENT ACT, AMENDING APPENDIX B OF THE COUNTYWIDE PLANNING POLICIES FOR SNOHOMISH COUNTY TO ESTABLISH 2044 INITIAL HOUSING GROWTH TARGETS.

Zoom Webinar Information:

Join online at <https://zoom.us/j/94846850772>
or by telephone call 1-253-215-8782 or 1-301-715-8592

Background: This ordinance would amend the Countywide Planning Policies (CPPs) by adding the 2044 initial housing growth targets to Appendix B, joining the 2044 initial population and employment growth target tables previously adopted by the County Council on February 23, 2022 (Ord. 22-003). The 2044 initial housing growth targets were recommended by the Snohomish County Tomorrow (SCT) Steering Committee on May 24, 2023 and were developed using the SCT process called for in CPP GF-5. As required by the E2SHB 1220 amendments to the Growth Management Act in 2021, the initial housing targets were based on the existing and projected housing needs for Snohomish County, as provided by the State Department of Commerce, and distributed to jurisdictions based on Commerce guidance and the adopted 2044 initial population targets. Once adopted, jurisdictions in Snohomish County will be required to use the 2044 initial housing growth targets for at least one of the plan alternatives evaluated for their 2024 GMA plan updates.

A summary of the proposed ordinance is as follows:

PROPOSED ORDINANCE NO. 23-062

Sections 1 – 3. Adopts recitals, findings of fact, and conclusions, and states that the Council bases its findings and conclusions on the entire record of Snohomish County Tomorrow and the County Council and that any finding that should be a conclusion and any conclusion that should be a finding is adopted as such.

Section 4. Adopts Exhibit A, amending Appendix B (Growth Targets) of the CPPs.

Section 5. Directs the code reviser to update SCC 30.10.050 pursuant to SCC 1.02.020(3).

Section 6. Provides a standard severability and savings clause.

8
9 RELATING TO THE GROWTH MANAGEMENT ACT, AMENDING APPENDIX B OF THE
10 COUNTYWIDE PLANNING POLICIES FOR SNOHOMISH COUNTY TO ESTABLISH 2044
11 INITIAL HOUSING GROWTH TARGETS
12

13 WHEREAS, the Growth Management Act (GMA), RCW 36.70A.210(2), requires the
14 legislative authority of each county which is subject to the GMA’s comprehensive planning
15 requirements to adopt a countywide planning policy (CPP) framework in cooperation with the
16 cities and towns within that county, and from which the county, city and town comprehensive
17 plans are developed and adopted; and

18
19 WHEREAS, RCW 36.70A.210 also requires that the CPPs govern interjurisdictional
20 consistency of county and city planning efforts and implementation of GMA requirements for
21 designating urban growth areas (UGAs), including the establishment of 20-year growth
22 allocations used as the basis for designating UGAs pursuant to RCW 36.70A.130(3); and

23
24 WHEREAS, the County most recently revised CPPs through Ordinance 22-003, effective
25 March 6, 2022; and

26
27 WHEREAS, CPP GF-5 requires that the cities and county engage in the cooperative
28 planning process of Snohomish County Tomorrow (SCT) to establish a subcounty allocation of
29 projected growth for coordination of city and county growth management plans, using the State
30 Office of Financial Management’s (OFM) population projections for Snohomish County and the
31 numeric guidance provided by the Puget Sound Regional Council’s (PSRC) VISION 2050
32 Regional Growth Strategy (RGS) as a starting point for this effort; and

33
34 WHEREAS, following an extensive SCT effort through the Planning Advisory
35 Committee (PAC), culminating in a recommendation by the SCT Steering Committee, the
36 County Council adopted Ordinance No. 22-003 on February 23, 2022, amending Appendix B of
37 the CPPs by establishing initial population and employment growth targets for the year 2044;
38 and

39
40 WHEREAS, CPP GF-5 also calls for use of the SCT process to develop initial housing
41 growth targets for cities, unincorporated UGAs, and unincorporated municipal urban growth
42 areas (MUGAs), and the rural/resource area; and
43

ORDINANCE NO. 23-062
RELATING TO THE GROWTH MANAGEMENT ACT, AMENDING APPENDIX B OF THE COUNTYWIDE
PLANNING POLICIES FOR SNOHOMISH COUNTY TO ESTABLISH 2044 INITIAL HOUSING GROWTH
TARGETS

1 WHEREAS, in 2021 the State Legislature passed, and the Governor signed, E2SHB 1220
2 which gave authority to the State Department of Commerce (“Commerce”) to identify existing
3 and projected housing needs for use in the updating of local GMA housing elements; and
4

5 WHEREAS, in 2022 the PAC of SCT, through its housing working group, began
6 preparing a new housing characteristics and needs report, as required by CPP HO-5, including
7 the development of the 2044 initial housing growth targets based on the adopted initial
8 population targets; and
9

10 WHEREAS, during 2022 Commerce began issuing draft guidance and numeric housing
11 needs information at the county-level, along with a methodology for distributing total housing
12 needs from the county to individual jurisdictions using their Housing for All Planning Tool
13 (HAPT); and
14

15 WHEREAS, in August of 2022 the PAC housing working group began using the draft
16 Commerce guidance and HAPT numeric output to prepare draft 2044 initial housing growth
17 targets for inclusion in the HO-5 report; and
18

19 WHEREAS, on December 8, 2022, the PAC reviewed the draft HO-5 housing
20 characteristics and needs report, including the draft 2044 initial housing growth targets, as
21 provided by the PAC housing working group; and
22

23 WHEREAS, on March 1, 2023, Commerce finalized the HAPT housing needs for the
24 year 2044 for Snohomish County; and
25

26 WHEREAS, on April 13, 2023, the PAC reviewed and approved the updated draft HO-5
27 report, including revised draft 2044 initial housing growth targets consistent with Commerce’s
28 final HAPT housing needs projections for Snohomish County, and recommended to the SCT
29 Steering Committee that it accept the new report, entitled *Housing Characteristics and Needs in*
30 *Snohomish County*, and recommend adoption of the 2044 initial housing growth targets for
31 inclusion into Appendix B of the CPPs; and
32

33 WHEREAS, following briefings on the HO-5 report and E2SHB 1220 requirements on
34 October 26, 2022, and March 22, 2023, the SCT Steering Committee reviewed the HO-5 report
35 and 2044 initial housing growth targets recommended by PAC on April 26, 2023; and
36

37 WHEREAS, on May 24, 2023, the SCT Steering Committee accepted the HO-5 report
38 prepared by the PAC, and recommended that the 2044 initial housing targets contained in the
39 report be forwarded to the County Council for adoption into Appendix B of the CPPs; and
40

41 WHEREAS, CPP GF-5 requires that the Snohomish County Council consider the
42 recommendation of the SCT Steering Committee on the subcounty allocation of growth for
43 cities, unincorporated UGAs, unincorporated municipal urban growth areas (MUGAs), and the

PLANNING POLICIES FOR SNOHOMISH COUNTY TO ESTABLISH 2044 INITIAL HOUSING GROWTH
TARGETS

1 rural/resource area of the county, and adopt 20-year GMA growth targets into Appendix B of the
2 CPPs; and

3
4 WHEREAS, the County Council held a public hearing on July 19, 2023, to consider
5 the entire record, including the SCT Steering Committee recommendation on the 2044 initial
6 housing growth targets for adoption into Appendix B of the CPPs, and to hear public testimony.

7
8 NOW, THEREFORE, BE IT ORDAINED:
9

10 Section 1. The County Council makes the following findings of fact:

11
12 A. The County Council adopts and incorporates the foregoing recitals as findings as if set forth
13 fully herein.

14 B. The revisions would expand the initial growth target tables contained in Appendix B of the
15 CPPs to include initial 2044 housing growth targets to complement the adopted 2044 initial
16 population and employment growth targets.

17 C. The County Council adopts and incorporates the following findings of fact related to the SCT
18 process for developing the CPP amendments:

19 1. In 2021, the GMA was amended by E2SHB 1220 to instruct local governments to “plan
20 for and accommodate housing affordable to all economic segments of the population of
21 the state.” To help accomplish this, the bill assigned a central role to Commerce to
22 provide countywide projections of housing needs, and to provide guidance for how
23 counties, working in collaboration with their cities, can allocate these projected
24 countywide housing needs to local jurisdictions.

25 2. In order to develop the housing need allocations in time for jurisdictions to use in their
26 2024 comprehensive plan updates, work at the PAC HO-5 working group of SCT
27 commenced in mid-2022 using draft guidance materials provided by Commerce on their
28 projected housing needs methodology.

29 3. The countywide housing needs forecast for 2044 is based on Snohomish County’s
30 adopted initial population target 1,136,309 for 2044, as contained in Appendix B of the
31 Countywide Planning Policies.

32 4. Using Commerce’s guidance and final countywide 2044 housing needs results generated
33 by the HAPT model, released on March 1, 2023, Snohomish County’s countywide
34 population target was translated into a countywide total housing target for 2044 by:

35 a) Projecting total future household population by removing future assumed group
36 quarters population from the adopted 2044 total population target for the county,

37 b) Dividing the future household population by an assumed 2044 average household size
38 to arrive at total projected households, and

39 c) Adding vacant units needed for ample choice for a healthy housing market to operate.

ORDINANCE NO. 23-062
RELATING TO THE GROWTH MANAGEMENT ACT, AMENDING APPENDIX B OF THE COUNTYWIDE
PLANNING POLICIES FOR SNOHOMISH COUNTY TO ESTABLISH 2044 INITIAL HOUSING GROWTH
TARGETS

- 1 5. Following these steps arrived at a total countywide 2044 housing unit need of 484,791.
2 Net new housing units needed countywide from 2020-2044 was then calculated by
3 subtracting the 2020 countywide housing base of 317,348 from the total 2044 housing
4 unit projection, resulting in a countywide need of 167,443 housing units for the period
5 2020-2044.
- 6 6. Commerce’s population to housing translation assumptions are intended to account for
7 the historic under-production of housing in Washington State over the past decade or
8 more, during which housing supply has not kept pace with demand. This has led to rising
9 housing costs, households “doubling-up,” overcrowding living spaces, and delayed
10 household formation (e.g., young adults living with parents instead of finding their own
11 housing). Commerce’s methodology for projected housing needs explicitly includes
12 enough housing to remedy the current housing undersupply, as well as address new
13 population growth.
- 14 7. Specific aspects of Commerce’s methodology for translating Snohomish County’s total
15 future population to housing units which are intended to address the current housing
16 undersupply include:
 - 17 a) An assumption that housing units for the homeless population will be provided over
18 time such that the share of group quarters population that was homeless, either
19 unsheltered or living in shelters as revealed in the 2020 Census, will be reduced to
20 zero by 2044.
 - 21 b) A resumption of significant average household size declines over time in Snohomish
22 County, from 2.67 in 2020 to 2.48 in 2044.
 - 23 c) An increase in the countywide vacancy rate to 6% by 2044, up from 4.6% countywide
24 in 2020.
 - 25 d) The removal of seasonal units/vacation homes from the 2020 housing base since these
26 units do not accommodate year-round residents.
- 27 8. In order to allocate the countywide housing target to jurisdictions within Snohomish
28 County, the same methodology described above was used at the individual jurisdiction
29 level. The step which involved extra consideration at the jurisdictional level was the
30 projection of average household size in 2044. For this purpose, the PAC HO-5 working
31 group started with each jurisdiction’s estimated additional housing capacity as
32 documented in the 2021 Buildable Lands Report (BLR) and developed projections of
33 additional housing capacity by housing type that would be needed to accommodate the
34 jurisdiction’s adopted 2044 population target. The resulting housing unit mix associated
35 with the jurisdiction’s additional housing capacity was the determinant of the
36 jurisdiction’s future average household size.
- 37 9. As with the adopted population and employment growth targets, housing growth to 2044
38 on tribal lands is not included in the SCT-recommended initial growth targets. This is
39 consistent with the PSRC VISION 2050 Regional Growth Strategy which does not
40 allocate projected growth to tribal lands since these jurisdictions plan outside of the
41 Growth Management Act.

- 1 D. The Appendix B initial housing growth targets are consistent with CPP GF-5 and the
2 Appendix C requirements regarding the establishment of new 20-year GMA initial growth
3 targets, which are required to be used for at least one of the plan alternatives evaluated by
4 cities and the county during development of the local GMA comprehensive plan updates
5 required under the GMA by December 31, 2024.
- 6 E. Appendix C of the CPPs anticipates that following the plan updates conducted by each
7 jurisdiction within the County, the final growth allocations may need to be reconciled. To do
8 this, Appendix C calls for a target reconciliation process conducted through SCT should the
9 preferred target outcome of the city and county GMA plan updates differ. In these situations,
10 SCT shall recommend to the County Council for consideration and adoption a reconciled 20-
11 year housing target allocation that resolves these differences.
- 12 F. The proposed amendments comply with the substantive requirements of the GMA, including
13 RCW 36.70A.110(2) which states that the county shall coordinate with the cities on the
14 location and amount of projected 20-year growth for purposes of ensuring adequate capacity
15 within the UGA to accommodate the projected urban growth.
- 16 G. The amendment to Appendix B of the CPPs is consistent with PSRC’s MPP-RC-1 regarding
17 coordination of planning efforts among jurisdictions.
- 18 H. This amendment to Appendix B of the CPPs is consistent with PSRC’s Multicounty Planning
19 Policy MPP-RGS-1 policy regarding implementation of the VISION 2050 regional growth
20 strategy through the countywide planning policies.
- 21 I. This amendment to Appendix B of the CPPs is consistent with PSRC’s MPP-RGS-2 policy
22 regarding the development of local housing targets based on allocated population targets.
- 23 J. The proposed amendments comply with the procedural requirements of the GMA, including
24 the public participation provisions in RCW 36.70A.035 and .140.
- 25 K. No inconsistencies between the proposed amendments and the GMA have been identified.
- 26 L. No inconsistencies between the amendments and the CPPs have been identified.
- 27 M. Appropriate public participation has been provided through the SCT process and through a
28 public hearing on this ordinance held after public notice.
- 29 N. SEPA requirements for this non-project action have been met through the issuance of
30 Addendum No. 3 of the PSRC VISION 2050 Supplemental Final Environmental Impact
31 Statement on July 12, 2023.

32

33 Section 2. The County Council makes the following conclusions:

34

- 35 A. The amendments would amend Appendix B of the CPPs by adding two 2044 initial housing
36 growth target tables (Table H1 and Table H2) as set forth in Exhibit A of this ordinance
37 between Tables P2 and E1 of Appendix B.

- 1 B. The amendments to the CPPs satisfy the procedural and substantive requirements of the
- 2 GMA.
- 3 C. The amendments are consistent with the policies of the MPPs.
- 4 D. The amendments are consistent with the policies of the CPPs.
- 5 E. The amendments as set forth in Exhibit A increase consistency between the CPPs and
- 6 PSRC’s VISION 2050 Regional Growth Strategy.
- 7 F. The County has complied with the procedural requirements of SEPA.
- 8 G. The County has complied with state and local public participation requirements under the
- 9 GMA and chapter 30.73 SCC by broadly disseminating the amendments and providing
- 10 opportunities for written comments and public hearing after public notice.

11 Section 3. The County Council bases its findings and conclusions on the entire record before
12 SCT and the County Council, including all testimony and exhibits. Any finding, which should
13 be deemed a conclusion, and any conclusion which should be deemed a finding, is hereby
14 adopted as such.

15
16 Section 4. Based on the foregoing findings and conclusions, Appendix B of the Countywide
17 Planning Policies for Snohomish County, last amended by Ordinance No. 22-003 on February
18 23, 2022, is amended to insert immediately before Table E1 the contents of Exhibit A of this
19 ordinance, which is attached hereto and incorporated by reference into this ordinance as if set
20 forth in full.

21
22 Section 5. The County Council directs the Code Reviser to update SCC 30.10.050 pursuant to
23 SCC 1.02.020(3).

24
25 Section 6. Severability. If any section, sentence, clause or phrase of this ordinance shall be held
26 to be invalid by the Growth Management Hearings Board, or unconstitutional by a court of
27 competent jurisdiction, such invalidity or unconstitutionality shall not affect the validity or
28 constitutionality of any other section, sentence, clause or phrase of this ordinance. Provided,
29 however, that if any section, sentence, clause or phrase of this ordinance is held to be invalid by
30 the Board or unconstitutional by a court of competent jurisdiction, then the section, sentence,
31 clause or phrase in effect prior to the effective date of this ordinance shall be in full force and
32 effect for that individual section, sentence, clause or phrase as if this ordinance had never been
33 adopted.
