ITEM TITLE:

..Title

Ordinance 22-018, clarifying process for determining lead department with lead agency responsibilities under the State Environmental Policy Act; amending Section 30.61.045 of Snohomish County Code

..body

DEPARTMENT: County Council

ORIGINATOR: Megan Dunn, entered by Ryan Countryman

EXECUTIVE RECOMMENDATION: TBD

PURPOSE: This ordinance clarifies that PDS will have lead agency responsibilities under SEPA for most Type 3 legislative actions initiated by the County Council or the Planning Commission. To be determined on a case-b-case basis, DPW or other executive departments may have lead agency responsibilities.

BACKGROUND: SEPA requires a lead agency to evaluate proposals for possible significant impacts. Snohomish County Code addresses certain procedural requirements for departments acting as lead agency to follow, but code currently contemplates several departments acting as lead agency although those departments do not necessarily have the resources to complete the duties. Code is also ambiguous for changes initiated by the County Council or Planning Commission.

Proposal: Ordinance 22-018

Date: April 18, 2022

Consideration

Proposed Ordinance 22-018 addresses lead agency responsibilities under the State Environmental Protection Act (SEPA) and would amend Snohomish County Code (SCC) 30.61.045 to clarify which departments have these responsibilities.

Background and Analysis

Changes proposed in SCC 30.61.045 are consistent with current practice. SEPA requires consideration of environmental impacts of certain types of project and non-project actions. This includes certain procedural steps to ensure compliance that must a “lead agency” must take. SCC 30.61.045 provides direction on which county department shall perform the lead agency functions, including for both governmental proposals and private proposals.

For governmental proposals, SCC 30.61.045(4) currently says that the department initiating an action subject to SEPA shall be responsible for lead agency responsibilities. The County Council and the Planning Commission both have authority to initiate Type 3 legislative proposals that would be subject to SEPA, but neither has the staffing necessary to perform lead agency functions. Ordinance 22-018 would amend subsection (4) to say that the department of Planning and Development Services (PDS), which has adequate staffing and regularly performs SEPA lead agency responsibilities, shall be the department with lead agency responsibilities for Type 3 legislative proposals initiated by the County Council or the Planning Commission.

For private projects, SCC 30.61.045(5) currently lists an order of priority for determining which department has lead agency responsibilities when an action requires a license (or approval) from more than one department. PDS is currently first on the list. The Department of Public Works (DPW) is second. The Auditor third. County Council is fourth

and “other departments” fifth. In practice, the Auditor does not perform lead agency responsibilities, instead deferring to PDS or DPW. Ordinance 22-018 would strike the Auditor and County Council from departments that might be responsible for lead agency responsibilities for private proposals. It would also clarify that “other departments” means other executive departments.

Amendments proposed in Ordinance 22-018 would codify the Executive branch’s traditional role performing lead agency responsibilities.

Current Proposal

Scope and Summary: Ordinance 22-018 would amend language in SCC 30.61.045 regarding departments with lead agency responsibilities to reflect current practice.

Fiscal Implications: None

Deadlines: None

Handling: Normal

Approved-as-to-form: Yes

Executive Recommendation: This council-initiated proposal has not received a recommendation from the Executive.

Request:

Consider scheduling a public hearing at Admin April 18. Following the public hearing, consider taking action on the proposal.
