Subject: Fireworks ban

Please do not allow fireworks to be sold in areas where they are banned.

Subject: Vote yes on Ordinance 23-057

Hello,

My name is Chris Houston. I live in south Snohomish county and I am strongly in favor of banning the sale of fireworks in our county. It is a huge problem every year to have fireworks going off in my neighborhood. Anything we can do to prevent that would go a long way. Please vote yes on Ordinance 23-057 to help make our county safer.

Thank you,
Chris Houston

Subject: Support For Banning the Sale Fireworks

Good morning,

I am writing this email to show my support for banning the sale of fireworks where they are illegal to discharge.

It has come to my attention that the council is reconsidering ordinance 23-057.

As a partner of a veteran with PTSD, 4th of July is our least favorite holiday. Additionally, with increasing temperatures and climate change, fireworks are becoming increasingly dangerous.

Please consider banning the sale of fireworks. I believe it would make our larger community safer and more inclusive for all.

Thank you

Simeng Wang
