In reliance upon and in consideration of the mutual representations and obligations under this Grant Agreement, HUD and the Grantee agree as follows:

**ARTICLE I. Definitions**

The definitions at 2 CFR 200.1 apply to this Grant Agreement, except where this Grant Agreement specifically states otherwise.

Budget period is defined in 2 CFR 200.1 and begins and ends on the dates specified above for the Period of Performance/Budget Period Start Date and Period of Performance/Budget Period End Date.

Period of Performance is defined in 2 CFR 200.1 and begins and ends on the dates specified above for the Period of Performance/Budget Period Start Date and Period of Performance/Budget Period End Date.

**ARTICLE II. Total Grant Amount**

Subject to the provisions of the Grant Agreement, HUD will make grant funds in the amount of \$5,000,000.00 available to the Grantee.

**ARTICLE III. Award-Specific Requirements**

A. Federal Award Description. The Grantee must use the Federal funds provided under this Grant Agreement (Grant Funds) to carry out the Grantee's "Project." Unless changed in accordance with Article III, section C of this Grant Agreement, the Grantee's Project shall be as

described in the Project Narrative that is approved by HUD as of the date that HUD signs this Grant Agreement. For reference, HUD will attach this approved Project Narrative as Appendix 1 to the Grant Agreement on the date that HUD signs this Grant Agreement.

B. Approved Budget. The Grantee must use the Grant Funds as provided by the Approved Budget. Unless changed in accordance with Article III, section C of this Grant Agreement, the Approved Budget shall be the line-item budget that is approved by HUD as of the date that HUD signs this Grant Agreement. For reference, HUD will attach this approved line-item budget as Appendix 2 to this Grant Agreement on the date that HUD signs this Grant Agreement.

C. Project and Budget Changes. All changes to the Grantee's Project or Approved Budget must be made in accordance with 2 CFR 200.308 and this Grant Agreement. To request HUD's approval for a change in the approved Project Narrative and/or Budget, the Grantee must submit a formal letter to HUD's Office of Economic Development - Congressional Grants Division (CGD) Director through the assigned Grant Officer in accordance with HUD's instructions for amending the Project Narrative and/or Project Budget found in the document titled "FY2024 Economic Development Initiative - Community Project Funding Grant Guide" that accompanies the Grant Agreement. The Grantee is prohibited from making project or budget changes that would conflict with the Applicable Appropriations Act Conditions described in Article III, section D of this Grant Agreement. The assigned Grant Officer for this grant is provided in the Award Letter for this grant and found on HUD's website. The CGD will notify the Grantee of whether HUD approves or disapproves of the change. Before the Grantee expends Grant Funds in accordance with any change approved by HUD or otherwise allowed by 2 CFR 200.308, the Grantee must update its grant information in HUD's Disaster Recovery Grant Reporting (DRGR) to reflect that change.

D. Applicable Appropriations Act Conditions. The conditions that apply to the Grant Funds under the Consolidated Appropriations Act, 2024, and the Explanatory Statement, as modified by the Further Consolidated Appropriations Act, 2024 or a later act, are incorporated by this reference and made part of this Grant Agreement. The Grant Funds are not subject to the Community Development Block Grants regulations at 24 CFR part 570 or Title I of the Housing and Community Development Act of 1974.

E. In accordance with 2 CFR 200.307, costs incidental to the generation of program income may be deducted from gross income to determine program income, provided these costs have not been charged to the grant. As authorized under 2 CFR 200.307, program income may be treated as an addition to the Federal award, provided that the Grantee uses that income for allowable costs under this Grant Agreement. Any program income that cannot be expended on allowable costs under this Grant Agreement must be reported and paid to HUD within 120 days after the period of performance, unless otherwise specified by an applicable Federal statute.

F. The Grantee must use the Grant Funds only for costs (including indirect costs) that meet the applicable requirements in 2 CFR part 200 (including appendices). The Grantee's indirect cost rate information is as provided in Appendix 3 to this Grant Agreement. Unless the Grantee is an Institution of Higher Education, the Grantee must immediately notify HUD upon any change in the Grantee's indirect cost rate during the Period of Performance, so that HUD can

amend the Grant Agreement to reflect the change if necessary. Consistent with 2 CFR Part 200, Appendix III (C.7), if the Grantee is an Institution of Higher Education and has a negotiated rate in effect on the date this Grant Agreement is signed by HUD, the Grantee may use only that rate for its indirect costs during the Period of Performance.

G. The Grantee must comply with any specific conditions that HUD may apply to this Grant Agreement as provided by 2 CFR 200.208. If applicable, these conditions will be listed or added as Appendix 5 to this Grant Agreement.

H. The Grantee is responsible for managing the Project and ensuring the proper use of the Grant Funds. The Grantee is also responsible for ensuring the completion of the Project, the grant closeout, and compliance with all applicable federal requirements. All subawards made with funding under this Grant Agreement are subject to the subaward requirements under 2 CFR Part 200, including 2 CFR 200.332, and other requirements provided by this Grant Agreement. The Grantee is responsible for ensuring each subrecipient complies with all requirements under this Grant Agreement, including the general federal requirements in Article IV. A subaward may be made to a for-profit entity only if HUD expressly approves that subaward and the for-profit entity is made subject to the same Federal requirements that apply to all other subrecipients, including all requirements 2 CFR part 200 provides with respect to a subaward, except the audit requirements in 2 CFR part 200, subpart F.

#### **ARTICLE IV. General Federal Requirements**

A. If the Grantee is a unit of general local government, a State, an Indian Tribe, or an Alaskan Native Village, the Grantee is the Responsible Entity (as defined in 24 CFR part 58) and agrees to assume all of the responsibilities for environmental review and decision-making and action, as specified and required in regulations issued by the Secretary pursuant to section 305(c) of the Multifamily Housing Property Disposition Reform Act of 1994 and published in 24 CFR Part 58.

B. If the Grantee is a housing authority, redevelopment agency, academic institution, hospital or other non-profit organization, the Grantee shall request the unit of general local government, Indian Tribe or Alaskan Native Village, within which the Project is located and which exercises land use responsibility, to act as Responsible Entity and assume all of the responsibilities for environmental review and decision-making and action as specified in paragraph A above, and the Grantee shall carry out all of the responsibilities of a grantee under 24 CFR Part 58.

C. After March 9, 2024, neither the Grantee nor any of its contractors, subrecipients, and other funding and development partners may undertake, or commit or expend Grant Funds or local funds for, project activities (other than for planning, management, development and administration activities), unless a contract requiring those activities was already executed on or before March 9, 2024, until one of the following occurs:

(i) the Responsible Entity has completed the environmental review procedures required by 24 CFR part 58, and HUD has approved the environmental certification and given a release of funds;

(ii) the Responsible Entity has determined and documented in its environmental review record that the activities are exempt under 24 CFR 58.34 or are categorically excluded and not subject to compliance with environmental laws under 24 CFR 58.35(b); or

(iii) HUD has performed an environmental review under 24 CFR part 50 and has notified Grantee in writing of environmental approval of the activities.

D. Following completion of the environmental review process, the Grantee shall exercise oversight, monitoring, and enforcement as necessary to assure that decisions and mitigation measures adopted through the environmental review process are carried out during project development and implementation.

E. The Grantee must comply with the generally applicable HUD and CPD requirements in 24 CFR Part 5, subpart A, including all applicable fair housing, and civil rights requirements. The Grantee must report data on the race, color, religion, sex, national origin, age, disability, and family characteristics of persons and households who are applicants for, participants in, or beneficiaries or potential beneficiaries of the Grantee's Project, consistent with the instructions and forms provided by HUD in order to carry out its responsibilities under the Fair Housing Act, Executive Order 11063, Title VI of the Civil Rights Act of 1964, and Section 562 of the Housing and Community Development Act of 1987 (e.g. HUD-27061).

F. The Grantee must comply with the Uniform Administrative Requirements, Cost Principles, and Audit Requirements in 2 CFR part 200, as may be amended from time to time. If 2 CFR part 200 is amended to replace or renumber sections of part 200 that are cited specifically in this Grant Agreement, the part 200 requirements as renumbered or replaced by the amendments will govern the obligations of HUD and the Grantee after those amendments become effective.

G. The Grantee must comply with the Award Term in Appendix A to 2 CFR Part 25 ("System for Award Management and Universal Identifier Requirements") and the Award Term in Appendix A to 2 CFR Part 170 ("Reporting Subawards and Executive Compensation"), which by this reference are incorporated into and made part of this Grant Agreement.

H. If the Total Grant Amount, as provided in Article II of this Grant Agreement, is greater than \$500,000, the Grantee must comply with the Award Term and Condition for Grantee Integrity and Performance Matters in Appendix 4 to this Grant Agreement.

I. Unless the Grantee is exempt from the Byrd Amendment as explained below, the Grantee must comply with the provisions of Section 319 of Public Law 101-121, 31 U.S.C. 1352, (the Byrd Amendment) and 24 CFR Part 87, which prohibit recipients of Federal contracts, grants, or loans from using appropriated funds for lobbying the executive or legislative branches of the Federal Government in connection with a specific contract, grant, loan, or cooperative agreement. The Grantee must sign the corresponding certification in Appendix 8 to this Grant Agreement and return it to HUD with this Grant Agreement. The Grantee must include in its award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements), the requirements for the certification required by Appendix A to 24 CFR Part 87 and for disclosure using the *Disclosure of Lobbying Activities*

(SF-LLL) form. In addition, the Grantee must obtain the executed certification required by Appendix A and an SF-LLL from all covered persons. "Person" is as defined by 24 CFR Part 87. Federally recognized Indian tribes and TDHEs established by Federally recognized Indian tribes as a result of the exercise of the tribe's sovereign power are excluded from coverage of the Byrd Amendment. State-recognized Indian tribes and TDHEs established only under state law must comply with this requirement.

J. The Grantee must comply with drug-free workplace requirements in Subpart B of 2 CFR Part 2429, which adopts the governmentwide implementation (2 CFR Part 182) of sections 5152-5158 of the Drug-Free Workplace Act of 1988, Pub. L. 100-690, Title V, Subtitle D (41 U.S.C. 701-707).

K. Unless the Grantee is a Federally recognized Tribe, the Grantee must comply with the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (URA) as implemented by regulations at 49 CFR Part 24. The URA applies to acquisitions of real property and relocation occurring as a direct result of the acquisition, rehabilitation, or demolition of real property for Federal or Federally funded programs or projects. Real property acquisition that receives Federal financial assistance for a program or project, as defined in 49 CFR 24.2, must comply with the acquisition requirements contained in 49 CFR part 24, subpart B. Unless otherwise specified in law, the relocation requirements of the URA and its implementing regulations at 49 CFR part 24, cover any displaced person who moves from real property or moves personal property from real property as a direct result of acquisition, rehabilitation, or demolition for a program or project receiving HUD financial assistance.

L. If Grant Funds are used for purchase, lease, support services, operation, or work that may disturb painted surfaces, of pre-1978 housing, you must comply with the lead-based paint evaluation and hazard reduction requirements of HUD's lead-based paint rules (Lead Disclosure; and Lead Safe Housing (24 CFR part 35)), and EPA's lead-based paint rules (e.g., Repair, Renovation and Painting; Pre-Renovation Education; and Lead Training and Certification (40 CFR part 745)).

M. The Grantee must comply with Section 3 of the Housing and Urban Development Act of 1968 (Section 3), 12 U.S.C. 1701u, and HUD's regulations at 24 CFR part 75, as applicable, including the reporting requirements in 24 CFR 75.25. Grants made to Tribes and TDHEs are subject to Indian Preference requirements in Section 7(b) of the Indian Self-Determination and Education Assistance Act (25 U.S.C. 5307(b)). As stated in 24 CFR 75.3(c), grants to Tribes and TDHEs are subject to Indian Preference requirements in lieu of Section 3. Grantees that are not exempt from Section 3 must submit annual reports of Section 3 accomplishment Performance Measures in DRGR in January of the calendar year. This report reflects Section 3 accomplishments for the previous calendar year.

N. The Grantee must not use any Grant Funds to support any Federal, state, or local project that seeks to use the power of eminent domain, unless eminent domain is employed only for a public use. Public use includes use of funds for mass transit, railroad, airport, seaport, or highway projects, and utility projects which benefit or serve the general public (including energy-related, communication-related, water-related, and waste water-related infrastructure), other structures designated for use by the general public or with other common-carrier or public-utility

functions that serve the general public and are subject to regulation and oversight by the government, and projects for the removal of an immediate threat to public health and safety or brownfields, as defined in the Small Business Liability Relief and Brownfields Revitalization Act (Pub. L. 107-118). Public use does not include economic development that primarily benefits private entities.

O. The Grantee must not use any Grant Funds to maintain or establish a computer network that does not block the viewing, downloading, and exchanging of pornography. This requirement does not limit the use of funds necessary for any Federal, State, tribal, or local law enforcement agency or any other entity carrying out criminal investigations, prosecution, or adjudication activities.

P. The Grantee must administer its Grant Funds in accordance with the Conflict-of-Interest requirements set forth in Appendix 6 of this Grant Agreement.

Q. The Grantee must comply with the governmentwide debarment and suspension requirements in 2 CFR part 180 as incorporated and supplemented by HUD's regulations at 2 CFR part 2424.

R. The Grantee must comply with the award term regarding trafficking in persons in Appendix 7 of this Grant Agreement.

S. The assurances and certifications the Grantee has made and submitted to HUD are incorporated by this reference and made part of this Grant Agreement.

T. Any person who becomes aware of the existence or apparent existence of fraud, waste or abuse of any HUD award must report such incidents to both the HUD official responsible for the award and to HUD's Office of Inspector General (OIG). HUD OIG is available to receive allegations of fraud, waste, and abuse related to HUD programs via its hotline number (1-800-347-3735) and its online hotline form. The Grantee must comply with 41 U.S.C. § 4712, which includes informing employees in writing of their rights and remedies, in the predominant native language of the workforce. Under 41 U.S.C. § 4712, an employee of the Grantee or a subrecipient—as well as a personal services contractor—who makes a protected disclosure about a Federal grant or contract cannot be discharged, demoted, or otherwise discriminated against as long as they reasonably believe the information they disclose is evidence of:

1. Gross mismanagement of a Federal contract or grant;
2. Waste of Federal funds;
3. Abuse of authority relating to a Federal contract or grant;
4. Substantial and specific danger to public health and safety; or
5. Violations of law, rule, or regulation related to a Federal contract or grant.

U. The Grantee must comply with the requirements of the Build America, Buy America (BABA) Act, 41 USC 8301 note, and all applicable rules and notices, as may be amended, if applicable to the Grantee's infrastructure project. Pursuant to HUD's Notice, "Public Interest Phased Implementation Waiver for FY 2022 and 2023 of Build America, Buy America Provisions as Applied to Recipients of HUD Federal Financial Assistance" (88 FR 17001), any funds

obligated by HUD on or after the applicable listed effective dates, are subject to BABA requirements, unless excepted by a waiver.

## **ARTICLE V. Drawdown Requirements**

A. The Grantee may not draw down Grant Funds until HUD has received and approved any certifications and disclosures required by 24 CFR 87.100 concerning lobbying, if applicable.

B. The Grantee must use DRGR to draw down Grant Funds and report to HUD on activities.

C. The Grantee must enter activity and budget information in DRGR that is consistent with the Grantee's Approved Project Narrative and Approved Budget as described in Article III, sections A and B of this Grant Agreement and complies with HUD's instructions for entering information in DRGR found in the document titled "Grant Award Instructions" that accompanies the Grant Agreement.

D. The Grantee must only enter activities in DRGR that are described in the Approved Budget.

E. The Grantee must expend all Grant Funds in accordance with the activity and budget information in DRGR.

F. Each drawdown of Grant Funds constitutes a representation by the Grantee that the funds will be used in accordance with this Grant Agreement.

G. The Grantee must use DRGR to track the use of program income and must report the receipt and use of program income in the reports the Grantee submits to HUD under Article VI of this Grant Agreement. The Grantee must expend program income before drawing down Grant Funds through DRGR.

H. Notwithstanding any other provision of this grant agreement, HUD will not be responsible for payment of any Grant Funds after the date Treasury closes the account in accordance with 31 U.S.C. § 1552. Because Treasury may close the account up to one week before the September 30 date specified by 31 U.S.C. § 1552, the Grantee is advised to make its final request for payment under the grant no later than September 15, 2032.

## **ARTICLE VI. Program-Specific Reporting Requirements**

In addition to the general reporting requirements that apply under other provisions of this Agreement, the following program-specific reporting requirements apply to the Grantee:

A. The Grantee must submit a performance report in DRGR on a semi-annual basis and must include a completed Federal financial report as an attachment to each performance report in DRGR. Performance reports shall consist of a narrative of work accomplished during the reporting period. During the Period of Performance, the Grantee must submit these reports in DRGR no later than 30 calendar days after the end of the 6-month reporting period. The first of these

reporting periods begins on the first of January or June (whichever occurs first) after the date this Grant Agreement is signed by HUD.

B. The performance report must contain the information required for reporting program performance under 2 CFR 200.329(c)(2) and (d), including a comparison of actual accomplishments to the objectives of the Project as described in Article III, section A of this Grant Agreement, the reasons why established goals were not met, if appropriate, and additional pertinent information including, when appropriate, analysis and explanation of cost overruns or high unit costs.

C. Financial reports must be submitted using DRGR or such future collections HUD may require and as approved by OMB and listed on the Grants.gov website (<https://www.grants.gov/web/grants/forms/post-award-reporting-forms.html>).

D. The performance and financial reports will undergo review and approval by HUD. If a report submission is insufficient, HUD will reject the report in DRGR and identify the corrections the Grantee must make.

E. No drawdown of funds will be allowed through DRGR while the Grantee has an overdue performance or financial report.

F. The Grantee must report and account for all property acquired or improved with Grant Funds as provided by 2 CFR part 200 using the applicable common forms approved by OMB and provided on the Grants.gov website (<https://www.grants.gov/web/grants/forms/post-award-reporting-forms.html>). This reporting obligation includes submitting status reports on real property at least annually as provided by 2 CFR 200.330, accounting for real and personal property acquired or improved with Grant Funds as part of Project Closeout, and promptly submitting requests for disposition instructions as provided by 2 CFR 200.311, 200.31, and 200.314.

## **ARTICLE VII. Project Closeout**

A. The grant will be closed out in accordance with 2 CFR part 200, as may be amended from time to time, except as otherwise specified in this Grant Agreement.

B. The Grantee must submit to HUD a written request to close out the grant no later than 30 calendar days after the Grantee has drawn down all Grant Funds and completed the Project as described in Article III, section A of this Grant Agreement. HUD will then send the Closeout Agreement and Closeout Certification to the Grantee.

C. At HUD's option, the Grantee may delay initiation of project closeout until the resolution of any findings as a result of the review of semi-annual activity reports in DRGR. If HUD exercises this option, the Grantee must promptly resolve the findings.

D. The Grantee recognizes that the closeout process may entail a review by HUD to determine compliance with the Grant Agreement by the Grantee and all participating parties. The

Grantee agrees to cooperate with any HUD review, including reasonable requests for on-site inspection of property acquired or improved with grant funds.

E. No later than 120 calendar days after the Period of Performance, Grantees shall provide to HUD the following documentation:

1. A Certification of Project Completion.
2. A Grant Closeout Agreement.
3. A final financial report giving:
  - i) the amount and types of project costs charged to the grant (that meet the allowability and allocability requirements of 2 CFR part 200, subpart E);
  - ii) a certification of the costs; and
  - iii) the amounts and sources of other project funds.
4. A final performance report providing a comparison of actual accomplishments with the objectives of the Project, the reasons for slippage if established objectives were not met and additional pertinent information including explanation of significant cost overruns.
5. A final property report, if specifically requested by HUD at the time of closeout.

#### **ARTICLE VIII. Default**

A default under this Grant Agreement shall consist of any use of Grant Funds for a purpose other than as authorized by this Grant Agreement, any noncompliance with statutory, regulatory, or other requirements applicable to the Grant Funds, any other material breach of this Grant Agreement, or any material misrepresentation in the Grantee's submissions to HUD in anticipation of this award. If the Grantee fails to comply with the terms and conditions of the Grant Agreement, HUD may adjust specific conditions of this Grant Agreement as described in 2 CFR part 200, as may be amended from time to time. If HUD determines that noncompliance cannot be remedied by imposing additional conditions, HUD may take one or more of the remedies for noncompliance described in 2 CFR part 200, as may be amended from time to time. HUD may also terminate all or a part of this award as provided by 2 CFR 200.340 and other applicable provisions of 2 CFR part 200, as may be amended from time to time. Nothing in this Grant Agreement shall be construed as creating or justifying any claim against the Federal government or the Grantee by any third party.

#### **ARTICLE IX. HUD Contact Information**

Except where this Grant Agreement specifically states otherwise, all requests, submissions,

and reports the Grantee is required to make to HUD under this Grant Agreement must be made in accordance with HUD’s grant instructions found in the document titled “FY2024 Economic Development Initiative - Community Project Funding Grant Guide” that accompanies the Grant Agreement.

Instructions for the Grantee’s Authorized Representative:

You must mark the one (and only one) checkbox above that best reflects how the Grantee’s indirect costs will be calculated and charged under the grant. Do not include indirect cost rate information for subrecipients.

The table following the third box must be completed only if that box is checked. When listing a rate in the table, enter both the percentage amount (e.g., 10%) and the type of direct cost base to be used. For example, if the direct cost base used for calculating indirect costs is Modified Total Direct Costs, then enter “MTDC” in the “Type of Direct Cost Base” column.

If using the Simplified Allocation Method for indirect costs, enter the applicable indirect cost rate and type of direct cost base in the first row of the table.

If using the Multiple Allocation Base Method, enter each major function of the organization for which a rate was developed and will be used under the grant, the indirect cost rate applicable to that major function, and the type of direct cost base to which the rate will be applied.

If the Grantee is a government and more than one agency or department will carry out activities under the grant, enter each agency or department that will carry out activities under the grant, the indirect cost rate(s) for that agency or department, and the type of direct cost base to which each rate will be applied.

**APPENDIX 4 –  
Award Term and Condition for Grantee Integrity and Performance Matters**

Reporting of Matters Related to Grantee Integrity and Performance

(a) General Reporting Requirement.

(1) If the total value of your active grants, cooperative agreements, and procurement contracts from all Federal agencies exceeds \$10,000,000 for any period of time during the period of performance of this Federal award, then you as the grantee must ensure the information available in the responsibility/qualification records through the System for Award Management (SAM.gov), about civil, criminal, or administrative proceedings described in paragraph (b) of this award term is current and complete. This is a statutory requirement under section 872 of Public Law 110-417, as amended (41 U.S.C. 2313). As required by section 3010 of Public Law 111-212, all information posted in responsibility/qualification records in SAM.gov on or after April 15, 2011 (except past performance reviews required for Federal procurement contracts) will be publicly available.

(b) Proceedings About Which You Must Report.

(1) You must submit the required information about each proceeding that—

(i) Is in connection with the award or performance of a grant, cooperative agreement, or procurement contract from the Federal Government;

(ii) Reached its final disposition during the most recent five-year period; and

(iii) Is one of the following—

(A) A criminal proceeding that resulted in a conviction;

(B) A civil proceeding that resulted in a finding of fault and liability and payment of a monetary fine, penalty, reimbursement, restitution, or damages of \$5,000 or more;

(C) An administrative proceeding that resulted in a finding of fault and liability and your payment of either a monetary fine or penalty of \$5,000 or more or reimbursement, restitution, or damages in excess of \$100,000; or

(D) Any other criminal, civil, or administrative proceeding if—

(1) It could have led to an outcome described in paragraph (b)(1)(iii)(A) through (C); (2) It had a different disposition arrived at by consent or compromise with an acknowledgment of fault on your part; and

(3) The requirement in this award term to disclose information about the proceeding does not conflict with applicable laws and regulations.

(c) Reporting Procedures.

Enter the required information in SAM.gov for each proceeding described in paragraph (b) of this award term. You do not need to submit the information a second time under grants and cooperative agreements that you received if you already provided the information in SAM.gov because you were required to do so under Federal procurement contracts that you were awarded.

(d) Reporting Frequency.

During any period of time when you are subject to the requirement in paragraph (a) of this award term, you must report proceedings information in SAM.gov for the most recent five-year period, either to report new information about a proceeding that you have not reported previously or affirm that there is no new information to report. If you have Federal contract, grant, and cooperative agreement awards with a cumulative total value greater than \$10,000,000, you must disclose semiannually any information about the criminal, civil, and administrative proceedings.

(e) Definitions.

For purposes of this award term—

Administrative proceeding means a non-judicial process that is adjudicatory in nature to make a determination of fault or liability (for example, Securities and Exchange Commission Administrative proceedings, Civilian Board of Contract Appeals proceedings, and Armed Services Board of Contract Appeals proceedings). This includes proceedings at the Federal and State level but only in connection with the performance of a Federal contract or grant. It does not include audits, site visits, corrective plans, or inspection of deliverables.

Conviction means a judgment or conviction of a criminal offense by any court of competent jurisdiction, whether entered upon a verdict or a plea, and includes a conviction entered upon a plea of nolo contendere.

Total value of currently active grants, cooperative agreements, and procurement contracts includes the value of the Federal share already received plus any anticipated Federal share under those awards (such as continuation funding).

**APPENDIX 5 – Specific Award Conditions**  
NONE.

## **APPENDIX 6 – Conflict of Interest Requirements**

1. *Conflicts Subject to Procurement Regulations.* When procuring property or services, the grantee and its subrecipients shall comply with the applicable conflict-of-interest rules in 2 CFR 200.317 and 2 CFR 200.318(c). In all cases not governed by 2 CFR 200.317 and 2 CFR 200.318(c), the Grantee and its subrecipients must follow the requirements contained in paragraphs 2-5 below.

2. *General prohibition.* No person who is an employee, agent, consultant, officer, or elected or appointed official of the Grantee or subrecipient and who exercises or has exercised any functions or responsibilities with respect to assisted activities, or who is in a position to participate in a decision making process or gain inside information with regard to such activities, may obtain a financial interest or benefit from the activity, or have a financial interest in any contract, subcontract, or agreement with respect thereto, or the proceeds thereunder, either for himself or herself or for those with whom he or she has immediate family or business ties, during his or her tenure or for one year thereafter. Immediate family ties include (whether by blood, marriage, or adoption) the spouse, parent (including a stepparent), child (including a stepchild), sibling (including a stepsibling), grandparent, grandchild, and in-laws of a covered person.

3. *Exceptions.* HUD may grant an exception to the general prohibition in paragraph (ii) upon the Grantee's written request and satisfaction of the threshold requirements in paragraph (iv), if HUD determines the exception will further the Federal purpose of the award and the effective and efficient administration of the Grantee's Project, considering the cumulative effects of the factors in paragraph (v).

4. *Threshold requirements for exceptions.* HUD will consider an exception only after the Grantee has provided the following documentation:

- a. A disclosure of the nature of the conflict, accompanied by an assurance that there has been public disclosure of the conflict and a description of how that disclosure was made; and
- b. An opinion of the Grantee's attorney that the interest for which the exception is sought would not violate state or local law.

5. *Factors to be considered for exceptions.* In determining whether to grant a requested exception after the Grantee has satisfactorily met the threshold requirements in paragraph (iii), HUD will consider the cumulative effect of the following factors, where applicable:

- a. Whether the exception would provide a significant cost benefit or an essential degree of expertise to the program or project that would otherwise not be available;
- b. Whether an opportunity was provided for open competitive bidding or negotiation;
- c. Whether the person affected is a member of a group or class of low- or moderate-income persons intended to be the beneficiaries of the assisted activity, and the exception

will permit such person to receive generally the same interests or benefits as are being made available or provided to the group or class;

*d.* Whether the affected person has withdrawn from his or her functions or responsibilities, or the decision-making process regarding the assisted activity in question;

*e.* Whether the interest or benefit was present before the affected person was in a position as described in paragraph (ii);

*f.* Whether undue hardship will result either to the Grantee or the person affected when weighed against the public interest served by avoiding the prohibited conflict; and

*g.* Any other relevant considerations.

6. *Disclosure of potential conflicts of interest.* The Grantee must disclose in writing to HUD any potential conflict of interest.

## NARRATIVE

Funds from the Congressional Direct Spending Will be used to complete the following activities: design, Architectural & Engineering services of the Progressive Design-Build team, construction of the building, pre-development costs such as demolition and site preparation, site studies such as survey if necessary, and equipment and furnishings for the processing/aggregation/distribution center, commercial kitchen, and farmer's market. Additional portions of the project, not covered by this grant include administrative costs, project management, and costs associated with construction of the replacement playground.

Detailed Purpose: For many years, regional farmers have repeatedly identified a lack of infrastructure for fresh agricultural products as an ongoing barrier for producers across the region to get their farm goods processed and to markets, including schools and institutions where they are most needed. On-farm processing equipment is cost-prohibitive for small to medium-sized farmers in the Pacific Northwest, coupled with a lack of labor to operate and distribute the products. Most of the farms in the region are in the flood plains. Due to FEMA/state and county regulations, the ability to site the equipment, in addition to the high cost to meet regulations, makes it financially impossible. Institutional and wholesale buyers require a certain level of processing for all produce. The Snohomish County Food and Farming Center will allow for a wide range of processing needs, including washing, slicing, freezing, canning, and more of fresh fruits and vegetables. As fruits and vegetables are processed, they will either move to the aggregation and distribution site or the commercial kitchen. Farmers are currently doing all their own distribution, which means they are either taking time away from farming to deliver products (usually to Seattle) or they are paying an employee to deliver. In addition, many farmers miss out on the opportunity to supply fruits and vegetables to schools and hospitals due to smaller scale production. The ability to aggregate multiple small farms' products to meet large orders opens the door to new income streams while getting more local fruits and vegetables into the hands of those who need it most. Creating value-added products, such as jams, baked goods and juices, is not possible in most areas in the region. A shortage of commercial kitchen and commissary kitchen space leaves farmers without the option to access new markets, increase income with added processing, or have year-round sales of a value-added product. The kitchen would also be available to start-up food businesses and as a commissary kitchen for food truck owners. The third component identified by the agriculture community is a year-round indoor farmers' market. The Snohomish County Food and Farming Center will be located on county-owned land in a unique area adjacent to a food desert and a large transit hub and park and ride. The market will accept EBT/SNAP for the purchase of fruits and vegetables. The market will allow for retail sales all year rather than just during the summer months. Farmer will be able to utilize early and late season growing and increase the amount of cold weather crops they are producing. Following the COVID-19 pandemic, the need for a food and farming center became even more apparent as the demand for local agriculture products saw a dramatic increase as grocery store shelves were left bare. Consumers were seeking local farm products more than ever; however, the infrastructure was not in place to support the increased demand. Food banks and schools were also in immediate demand as feeding programs changed with the pandemic. Additionally, the ability to meet new requirements in the Food Safety

Modernization Act is not possible without this needed infrastructure. Food prices continue to rise at a rate we have never seen. Purchasing from local farmers is a sustainable way for families to buy food, often at a lesser cost than a traditional grocery store, while all of the money goes directly to the farmer. We have continually seen how truly fragile our food system has become, our food security is dependent on local farmers and the ability to get food to those in need. Because this facility will be built at an active community park, there is site work associated with the Food and Farming Center. This includes parking lots, loading zone, outdoor public space, landscape, vehicular drive areas, signage, lighting, drainage and stormwater, etc. One larger park element will be a replacement playground. The Food and Farming Center is planned to be located over the top of the park's existing playground. This project will replace the playground in another park area. It is anticipated that two existing buildings south of the Food and Farming Center buildings will be demolished and will be replaced with the playground and environmental education outdoor space. What project activities will be undertaken: The portion of the project that will be funded using the HUD funds provided under the FY 2024 CPF Grant includes the Design-Builder A&E Services Fees; pre-development costs such as site studies, survey, etc; construction, demolition, and site preparation. We anticipate that the \$5,000,000 awarded will be used and no funds will be leftover to be used for the other project elements. County funds and other grants will be used to cover the amount of the other line items. Please refer also to the attached Project Budget for further information. Is this funding as part of a larger project: The total project budget is anticipated to be approximately \$42,000,000 and this CPF funding will pay for a portion of the work. However, the scope of the project is described in its entirety above and is not part of a broader project. Snohomish County Food and Farming Center Project Purpose: Snohomish County will design and construct a Food and Farming Center at McCollum Park in Everett, WA. Scope: Funds from the Congressional Direct Spending would complete the processing/aggregation/distribution center building that will include the commercial kitchen space and the Farmer's Market building as well as associated site work construction. This will include design, Architectural & Engineering services of the Progressive Design-Build team, construction of the building, pre-development costs such as demolition and site preparation, site studies such as survey if necessary, and equipment and furnishings for the facility. This CPR project is not part of a larger project. The project design and NEPA process have started. We have not submitted the NEPA review yet. We are not anticipating any grant subrecipients. However, we will pay the progressive design-build contractor with these funds.

Project Address : 600 128th St SE; Everett, WA 98208

How the EDI Grant Funds Will be Used: Funds from the Congressional Direct Spending would complete the processing/aggregation/distribution center building that will include the commercial kitchen space and the Farmer's Market building as well as associated site work construction. This will include design, Architectural & Engineering services of the Progressive Design-Build team, construction of the building, pre-development costs such as demolition and site preparation, site studies such as survey if necessary, and equipment and furnishings for the facility.
