Subject: Correcting inadvertent errors in Title 13 Snohomish County Code and Amending SCCS 13.110.010.

Scope: The proposed Ordinance 25-006 will correct the inadvertent errors and restore subsections (5) through (8) which had been previously codified before adoption of Ordinance 21-032 and make a minor housekeeping amendment to add a period to the end of subsection (8).

Duration: NA

Fiscal Impact: Current Year Multi-Year N/A

Authority Granted: The County Council adopts the recitals as findings of fact and conclusions as set forth in Ordinance 25-006, under RCW 36.32.120 and Snohomish County Charter 2.100.

Background: On July 21, 2021, the Snohomish County Council adopted Ordinance 21-032 relating to the requirements for utilities in county right-of-way and amending chapters 2.02, 13.10, 13.50, 13.60, 13.80 and 13.110 SCC. After the codification of the ordinance, the county identified inadvertent errors in chapter 13.110 SCC consisting of the omission of subsections (5) through (8) of SCC 13.110.010.

The missing code sections pertain to:

(5) Repair and Replacement Charge, for actual costs associated with having to repair and/or replace any right-of-way or county facility not covered under any other fee.

(6) Footage Fee, this is a lineal footage fee as part of Type D5 and D8 permits.

(7) Road Cut Fee, for road shoulder or road asphalt/concrete cuts as part of the Type D8 permit.

(8) Private Right-of-Way Lease Fee, this is an annual fee charged at fair market value for leased county road right-of-way. This is in addition to other fees.

The proposed ordinance reinstates the missing subsections (5) through (8) of SCC 13.110.010 and adds a period at the end of subsection (8).

Action Requested: For Council to move Ordinance 25-006 to GLS on Wednesday January 29, to set time and date for a Public Hearing, with the suggested date and time of February 19th, 2025, at 10:30 am.
