**Subject:** Amendment 10 to the Software License Agreement for Permit Tracking Software System (AMANDA).

**Scope:** The proposed Amendment would allow for the addition of 476 hours of professional consultant assistance with development and customization. This is in addition to the professional services hours previously approved (320 hours) and will allow for Planning and Development Services to obtain development and customization to complete the Citizen Portal.

**Duration:** Execution through November 30, 2028.

**Fiscal Impact:**  Current Year  Multi-Year  N/A

Funding is available in the PDS 2024 Restricted Technology Fund approved budget.

Expenditures	2024	2025	2026	Total
193.5055114101 Professional Services	\$74,975	\$0	\$0	<b>\$74,975</b>
Total	\$74,975	\$0	\$0	<b>\$74,975</b>

**Authority Granted:** Approve and authorize the County Executive to execute Amendment 10 to the Software License Agreement for Permit Tracking Software System (AMANDA), under SCC 3.04.140(8).

**Background:** In 1994, Snohomish County entered into a software agreement with Sequent Computer Systems Incorporated, after being chosen as the successful bid winner for RFP 06-13, following all Federal, State and County policies, to provide hardware and permitting software to be installed, implemented, and supported. The AMANDA software tracks all Planning and Development Services (PDS) permits, in conjunction with Public Works permits, and all related permit fees. The system was upgraded and enhanced in 1998, 2001, 2007, 2009, 2012, 2018 and 2023 (see chart below).

The AMANDA product was purchased from CSDC Systems, Inc. as successor in interest to Sequent Computer Systems Incorporated. In 2019, CSDC was rebranded and became known at Calytera US, Inc. In 2020, Calytera was acquired by Granicus, who in-turn assumed the previously agreed to software license agreement for AMANDA.

**Action Requested:** For Council to move the motion to GLS on September 4, 2024, as the request is to expedite to meet the “go live” deadline.
