The Solid Waste Advisory Committee is tasked with providing an exchange of information between the County, municipalities, citizens, and industries in the County. It provides policy recommendations to the County on solid waste and resource recovery issues that reflects both the needs of residents and the most appropriate use of resources within the requirements of various laws and regulations. The Committee also reviews and comments on plans prepared by the Solid Waste Division.

With the goals of this Committee in mind, please explain why you are a qualified candidate to serve on the Solid Waste Advisory Committee. Include why you are interested and relevant personal or professional experience:

I work for a large multifamily property ownership company with 250 properties, of which 55 are in king and snohomish counties. I manage trash issues for all our properties. I assist with trash audits, working zero waste facilitators to understand current trash volumes/issues, right size trash/recycling/composting, work with haulers on cost/volume billing anomalies, compactor issues and other trash management solutions.

When the pandemic began, it impacted all properties volume issues and was able to work with onsite teams the haulers and zero waste facilitators to reconfigure and manage the increased volumes.

Attach a resume or additional sheets, as needed
