**MEMORANDUM**

**Dave Somers**  
*County Executive*

**TO:** Snohomish County Planning Commission

**FROM:** Jennifer Cao, PDS

**SUBJECT:** Staff Report: Proposed Code Amendments Relating to Church Definitions

**DATE:** June 6, 2025

---

**INTRODUCTION**

The purpose of this staff report is to provide information on a non-project proposal to amend Title 30 of the Snohomish County Code (SCC) relating to the definition of church. The goal of this code amendment project is to find a neutral term for religious activities not associated with a particular religion, to be more inclusive of the diverse residents of Snohomish County.

**PROPOSAL BACKGROUND**

The county code defines any religious worship facility as a “church.” “Church” refers to a building, including all accessory structures or meeting places, primarily intended for religious services and/or where individuals regularly assemble for religious worship. This definition encompasses synagogues, temples, mosques, reading rooms, and other places dedicated to religious worship and activities. Although the term “church” includes various religious buildings within the County Code, in general, it is a term most commonly associated with Christian worship facilities. Snohomish County is home to a diverse population with many different faiths that do not refer to their worship facilities as “churches.” Being that this definition was adopted in September of 2015 and has not been updated since, this change is an important step toward recognizing and respecting the diversity of faiths in our community.

The term “church” is currently used in Title 30 SCC to mean any religious facility, including in the use matrix where “churches” are allowed in certain zones. This has led to the Hearing Examiner recommending an amendment to a more neutral term that is inclusive and welcoming to residents of all faiths, not tied to a specific religion.

This amendment also considered the vision of the 2024 Comprehensive Plan Update with creating a county that is a “resilient, vibrant, and inclusive place to live with a high-quality of life where all residents can thrive.”

**PROPOSED CODE AMENDMENTS**

Tables 1-4 outline the proposed code amendments across Title 30 SCC. Table 1 displays the majority of the proposed changes, with Tables 2-4 displaying the tables in code with proposed amendments. The

---

proposed code amendments will change all references of “church” to “religious facility.” The term “church” is tied specifically to Christianity and is therefore not inclusive of the wide range of faith traditions present in our community. In efforts to promote inclusivity, cultural sensitivity, and respect for religious diversity, staff propose adopting the term “religious facility” as a neutral and encompassing alternative. The decision to use “religious facility” stemmed from research of other neighboring jurisdictions to provide the most consistency.

The following analysis provides a summary of the proposed code amendments’ compliance with state law, as well as regional, countywide, and county Comprehensive Plan policies.

**Compliance with State Law**

The GMA planning goals adopted in RCW 36.70A.020 guide the development and adoption of comprehensive plans and development regulations. The goals are not priority-listed. In particular, the GMA goals guide the policies in the Snohomish County’s GMA Comprehensive Plan (GMACP) and require consistency between the GMACP and implementing development regulations. Table 2 identifies the reasonably related GMA planning goals listed in RCW 36.70A.020 and describes how the proposed code amendments are consistent with and advance those goals.

**Table 5 Compliance with GMA Planning Goals**

GMA Planning Goal	Finding
(11) Citizen participation and coordination. Encourage the involvement of citizens in the planning process, including the participation of vulnerable populations and overburdened communities, and ensure coordination between communities and jurisdictions to reconcile conflicts.	The county considered the goals of the GMA when developing these amendments and find that they are reasonably related to Goal 11, particularly with being inclusive of the diverse populations in the county.

**Compliance with the Multi-County Planning Policies**

Multi-County Planning Policies (MPPs) within Vision 2050 “provide for coordination and consistency among the metropolitan counties sharing common borders and related regional issues as required by RCW 36.70A.100, and, in order to ensure consistency, the directive policies of the MPPs need to have a binding effect.” (Summit-Waller Community Association, et al, v. Pierce County). Table 3 identifies the reasonably related MPPs within Vision 2050 and describes how the proposed code amendments are consistent with and advance those goals.

**Table 6 Compliance with MPPs**

MPP	Finding
MPP-DP-8: Conduct inclusive engagement to identify and address the diverse needs of the region’s residents.	Using a neutral term acknowledges and welcomes the diverse residents in the County of any or no religious faith.
MPP-Ec-15: Support and recognize the contributions of the region’s culturally and ethnically diverse communities and Native Tribes, including helping the region continue to expand its international economy.	

**Compliance with the Countywide Planning Policies**

Countywide Planning Policies (CPPs) establish a countywide framework for developing and adopting county, city, and town comprehensive plans. The role of the CPPs is to coordinate comprehensive plans of jurisdictions in the same county in regard to regional issues and issues affecting common borders (RCW 36.70A.100). Table 4 identifies the reasonably related CPPs and describes how the proposed code amendments are consistent with and advance those goals.

**Table 7 Compliance with CPPs**

CPP	Finding
CPP DP-38: The County and cities should reduce disparities in access to opportunity for all residents through inclusive community planning and making investments that meet the needs of current and future residents and businesses.	Using a neutral term acknowledges and welcomes the diverse residents in the County of any or no religious faith.

**Compliance with the Snohomish County Comprehensive Plan**

The proposed code amendments will better achieve, comply with, and implement the policies identified in Table 5 contained in the County’s GMACP.

**Table 8 Compliance with the Comprehensive Plan**

GMACP Policy	Finding
Snohomish County’s Vision for 2044 EQ 1.A.2: The County shall reduce disparities in access to opportunity for all residents through inclusive community planning. PR 1.A.3: The county should consider incorporating gathering spaces for multicultural communities in the parks and recreation system to increase, encourage, and enhance participation, and celebrate cultural differences to create welcoming and inclusive parks and recreation spaces and events.	The proposed amendments ensure consistency with the County’s GMACP by ensuring the county is a resilient, vibrant, and inclusive place to live with a high-quality of life where all residents can thrive.

**Environmental Review**

A State Environmental Policy Act (SEPA) Determination is required for the proposed code amendments. A SEPA Determination of Non-Significance was issued on xxx.

**Notification of State Agencies**

Pursuant to RCW 36.70A.106, a notice of intent to adopt the proposed regulations and standards was transmitted to the Washington State Department of Commerce on xxxx.

**Staff Recommendation:**

Staff recommends approval of the proposed code amendments and findings contained in this staff report.

**Action Requested**

The Planning Commission is requested to hold a public hearing, consider the proposed code amendments, and provide a recommendation to the County Council. The Planning Commission can recommend approval of the amendments with supporting findings of fact as proposed or modified, deny the proposal with findings, or amend the proposal with appropriate findings.

### SNOHOMISH COUNTY PLANNING COMMISSION

July 23, 2025

Snohomish County Council  
County Administration Building  
3000 Rockefeller Avenue, M/S 609  
Everett, WA 98201-4046

SUBJECT: Planning Commission recommendation on proposed code amendments to Church Definitions

Dear Snohomish County Council:

On behalf of the Snohomish County Planning Commission, I am forwarding our recommendation to amend Title 30 Snohomish County Code (SCC) to replace “church” with “religious facility”. The Planning Commission had a briefing on this topic on June 24, 2025, and conducted a public hearing on July 22, 2025.

The proposed code amendments remove all instances of the term “church” and replaces it with “religious facility” to find a neutral term for religious activities that is more inclusive of the diverse residents of Snohomish County.

There were no written comments received by the Planning Commission from the public prior to the July 22<sup>nd</sup> hearing, and no members of the public commented at the public hearing.

#### **PLANNING COMMISSION RECOMMENDATION**

At the July 22, 2025 Planning Commission meeting, Commissioner Chandler made a motion, seconded by Vice Chair Campbell, recommending APPROVAL of the proposed amendments contained in the staff report dated June 6, 2025 and presented by county staff within the July 22, 2025 Planning Commission public hearing.

#### **Vote (Motion):**

#### **Motion passed**

The recommendation presented to the County Council within this motion was made following the close of the deliberations and after due consideration of the information presented and is based on the findings and conclusions presented in the June 6, 2025 staff report.

**ORIGINATOR:** Jennifer Cao

**EXECUTIVE RECOMMENDATION:** Approved by Ken Klein 10/29/25

**PURPOSE:** To adopt code amendments to Title 30 of Snohomish County Code (SCC) relating to the definition of church. The goal of this amendment is to find a neutral term for religious activities not associated with a particular religion. This will increase the clarity and efficiency of the permitting process, while ensuring that development regulations continue to effectively implement adopted policies in both state law and the Growth Management Act Comprehensive Plan (GMACP).

**BACKGROUND:** The county code defines any religious worship facility as a “church.” “Church” refers to a building, including all accessory structures or meeting places, primarily intended for religious services and/or where individuals regularly assemble for religious worship. This definition encompasses synagogues, temples, mosques, reading rooms, and other places dedicated to religious worship and activities. Although the term “church” includes various religious buildings within the County Code, in general, it is a term most commonly associated with Christian worship facilities. Being that this definition was adopted in September of 2015 and has not been updated since, this change is an important step toward recognizing and respecting the diversity of faiths in our community. PDS briefed the Planning Commission on the proposed code amendments on June 24, 2025. The Planning Commission held a public hearing on July 22, 2025, and they recommend adoption as outlined in their July 23, 2025 letter, staff report dated June 6, 2025.

8 RELATING TO GROWTH MANAGEMENT; DEFINING RELIGIOUS FACILITIES; AMENDING SNOHOMISH  
9 COUNTY CODE (SCC) CHAPTERS 30.22, 30.23, 30.26, 30.27, 30.28, 30.31F, 30.32B, 30.32E, 30.67, 30.91C,  
10 AND 30.91E; REPEALING SCC 30.91C.085; AND ADDING A NEW SECTION TO CHAPTER 30.91R SCC  
11

12 WHEREAS, for counties and cities fully planning under the Growth Management Act (GMA),  
13 RCW 36.70A.020(7) provides that applications for both state and local government permits should be  
14 processed in a timely and fair manner to ensure predictability; and  
15

16 WHEREAS, Objective ED 2.A in the Snohomish County Growth Management Act Comprehensive  
17 Plan (GMACP) is to “Develop and maintain a regulatory system that is fair, understandable, coordinated  
18 and timely”; and  
19

20 WHEREAS, the SCC currently defines the use “church” in SCC 30.91C.085 as “a building or  
21 meeting place intended primarily for the performance of religious services and where persons regularly  
22 assemble for religious worship”; and  
23

24 WHEREAS, the continued use of the term “church” to describe all religious facilities creates  
25 uncertainty and inconsistency in permitting processes because the term is traditionally tied to Christian  
26 worship, and it is not clear that the use includes mosques, temples, synagogues, and other faith  
27 facilities; and  
28

29 WHEREAS, the lack of a neutral and inclusive definition presents the risk of unequal treatment  
30 among religious organizations and undermines the County’s regulatory framework; and  
31

32  
33 WHEREAS, the code amendments in this ordinance will promote clarity, consistency, and  
34 compliance with both state law and the GMACP, while ensuring that development regulations continue  
35 to effectively implement adopted policies; and  
36

1 WHEREAS, on June 24, 2025, the Snohomish County Planning Commission (the “Planning  
2 Commission”) was briefed by Snohomish County Planning and Development Services (PDS) staff about  
3 the proposed code amendments contained in this ordinance; and  
4

5 WHEREAS, on July 22, 2025, the Planning Commission held a public hearing after proper notice,  
6 considered public comment, and reviewed the entire record related to the proposed code amendments  
7 contained in this ordinance; and  
8

9 WHEREAS, at the conclusion of the Planning Commission’s public hearing, the Commission  
10 recommended the adoption of the amendments, as shown in its approval letter dated July 23, 2025; and  
11

12 WHEREAS, on \_\_\_\_\_, 2025, the County Council held a public hearing after proper  
13 notice, and considered public comment and the entire record related to the code amendments  
14 contained in this ordinance; and  
15

16 WHEREAS, following the public hearing, the County Council deliberated on the code  
17 amendments contained in this ordinance;  
18

19 NOW, THEREFORE, BE IT ORDAINED:  
20

21 Section 1. The County Council adopts the following findings in support of this ordinance:  
22

- 23 A. The foregoing recitals are adopted as findings as if set forth in full herein.
- 24
- 25 B. This ordinance amends Title 30 SCC to repeal the term Church and add the term Religious Facility.
- 26
- 27 C. This ordinance promotes inclusivity, cultural sensitivity, and respect for religious diversity by using a  
28 neutral term not associated with a single faith. It creates a clear definition for all religious faiths, not  
29 just Christianity, that will promote fairness and predictability in permitting applications.  
30
- 31 D. In developing the proposed amendments, the County considered the following GMA goal:  
32

33 GMA Goal 7. Permits: Applications for both state and local government permits should be  
34 processed in a timely and fair manner to ensure predictability.  
35

36 The proposed amendments support this goal by providing a clear definition that streamlines the  
37 permitting process. Although the current SCC definition of “church” encompasses a variety of  
38 religious buildings, in general the term is most commonly associated with Christian worship

1 facilities. Given the diversity of faiths in Snohomish County, this new definition recognizes that  
2 diversity of faiths and ensures applicants of all religious backgrounds are treated fairly and  
3 consistently.  
4

- 5 E. In developing the proposed amendments, the County considered the following GMACP objectives  
6 and policies:  
7

8 Objective ED 2.A: Develop and maintain a regulatory system that is fair, understandable,  
9 coordinated and timely.  
10

11 ED Policy 2.A.1: Snohomish County shall work to ensure that the Snohomish County Code is an  
12 understandable, accessible, and user friendly document.  
13

14 ED Policy 2.A.2: Snohomish County should stress predictability but maintain enough flexibility in  
15 the Comprehensive Plan and development codes to allow for timely response to unanticipated  
16 and desirable developments.  
17

18 The proposed amendments support these objectives and policies by clearly defining religious  
19 facilities applicable to all faiths which results in greater predictability when reviewing permit  
20 applications.  
21

- 22 F. Procedural requirements.  
23

- 24 1. This proposal is a Type 3 legislative action under SCC 30.73.010.  
25
- 26 2. As required by RCW 36.70A.106(1), a notice of intent to adopt this ordinance was transmitted to  
27 the Washington State Department of Commerce on June 30, 2025.  
28
- 29 3. State Environmental Policy Act (SEPA), chapter 43.21C RCW, requirements with respect to this  
30 non-project action have been satisfied through the completion of an environmental checklist  
31 and the issuance of a determination of non-significance on June 30, 2025.  
32
- 33 4. The public participation process used in the adoption of this ordinance complies with all  
34 applicable requirements of the GMA and the SCC.  
35
- 36 5. The Washington State Attorney General last issued an advisory memorandum, as required by  
37 RCW 36.70A.370, in October of 2024 entitled "Advisory Memorandum: Avoiding  
38 Unconstitutional Takings of Private Property" to help local governments avoid the

1 unconstitutional taking of private property. The process outlined in the State Attorney General’s  
2 2024 advisory memorandum was used by Snohomish County in objectively evaluating the  
3 regulatory changes proposed by this ordinance.  
4

5 G. This ordinance is consistent with the record.  
6

7 1. SCC 30.22.100, SCC 30.22.110, SCC 30.22.120, and SCC 30.26.030 are amended to remove  
8 “Church” as a listed use and add “Religious Facility” as a new use.  
9

10 2. SCC 30.22.130, SCC 30.23.050, SCC 30.23.110, SCC 30.26.050, SCC 30.27.060, SCC 30.28.015, SCC  
11 30.28.086, SCC 30.31F.110, SCC 30.32B.100, SCC 30.32E.070, SCC 30.67.555, SCC 30.91E.086 and  
12 SCC 30.91C.198 are amended to ensure consistency throughout Title 30 SCC with the repeal of  
13 SCC 30.91C.085 and the creation of SCC 30.91R.096.  
14

15 3. SCC 30.91C.085 is repealed as a definition in Title 30 SCC to be replaced by SCC 30.91R.096.  
16

4 **30.23.050 Height requirements, exceptions and measuring height.**  
5

6 (1) The maximum height of buildings and structures shall be pursuant to the height standards in SCC  
7 Tables 30.23.030 and 30.23.032, except as provided in subsection (2) of this section.

8 (2) The following shall be exempt from the maximum height standards, except structures and uses  
9 located in an airport compatibility area are subject to the height review requirements of

10 SCC 30.32E.060:

11 (a) Tanks and bunkers, turrets, (~~church~~)religious facility spires, belfries, domes, monuments,  
12 chimneys, water towers, fire and hose towers, observation towers, stadiums, smokestacks, flag  
13 poles, towers and masts used to support commercial radio and television antennas, bulkheads,  
14 water tanks, scenery lofts, cooling towers, grain elevators, gravel and cement tanks and  
15 bunkers, and drive-in theater projection screens, provided they are set back at least 50 feet  
16 from any adjoining lot line;

17 (b) Towers and masts used to support private antennas, provided they meet the  
18 minimum setback of the zoning district in which they are located, and the horizontal array of the  
19 antennas does not intersect the vertical plane of the property line;

20 (c) Towers, masts or poles supporting electric utility, telephone or other communication lines;

21 (d) Schools and educational institutions; provided, that:

22 (i) The use was approved as part of a conditional use permit;

23 (ii) A maximum building height of 55 feet is not exceeded; and

24 (iii) Any portion of any building exceeding the underlying zoning maximum height  
25 standard is set back at least 50 feet from all of the site's perimeter lot lines;

26 (e) Aircraft hangars located within any industrial zone; provided, that the hangar is set back at  
27 least 100 feet from any non-industrial zone;

28 (f) Elevator hoistways, provided they do not exceed the maximum building height of the  
29 underlying zone by more than 30 percent or 15 feet, whichever is less; and

30 (g) Rooftop mechanical equipment screening, including extended parapet walls, mansards, or  
31 other roof forms that are integrated with the architecture of the building, provided it does not  
32 exceed the maximum building height of the underlying zone by more than 30 percent or 15 feet,  
33 whichever is less.

34 (3) Building height shall be measured as the vertical distance from the average final grade to the  
35 highest point of the roof surface, based on the following roof types:

36 (a) For a flat or minimally pitched (less than 1:12) roof use the distance to the tallest point of  
37 the roof;

38 (b) For a mansard roof, use the distance to the deck line; or

ADDING A NEW SECTION TO CHAPTER 30.91R SCC

PAGE 48 OF 90

1 (c) For a gable, hip or pitched, gambrel, vaulted, shed, or A-frame roof, use the distance to the  
2 midpoint of the pitch of the roof, measured from the peak of the roof to that point vertically  
3 above the highest exterior wall, including dormer walls.  
4

5 Different roof types and their midpoints are shown in Figure 30.23.050(4) and (5). If a building has more  
6 than one roof type, the highest roof shall be used to determine the height of the building.  
7

8 (4) Calculation of the average final grade shall be made by drawing the smallest rectangle possible that  
9 encompasses the entire building area as shown in SCC Figure 30.23.050(1) and averaging the elevations  
10 at the midpoint of each side of the rectangle. When a structure that is to be fully partitioned with  
11 internal dividing walls separating individual dwelling units from each other from ground to sky,  
12 the applicant may request a modification of the measurement by evaluating maximum height based  
13 upon individual sections to respond to topography of the site as follows:

- 14 (a) Drawing the smallest rectangle possible that encompasses the entire building area;
- 15 (b) Dividing one side of the rectangle, as chosen by the applicant, into sections equal to the  
16 internal dividing walls that fully separate individual dwelling units from each other using lines  
17 that are perpendicular to the chosen side of the rectangle;
- 18 (c) The sections delineated in subsection (4)(b) of this section must extend vertically from  
19 ground to sky; and
- 20 (d) The maximum height for each section of the structure is measured from the average  
21 final grade for that section of the structure, which is calculated as the average elevation at the  
22 midpoints of each side of the rectangle for each section of the structure, as illustrated in SCC  
23 Figure 30.23.050(2).

24 (5) Fill shall not be used to raise the average final grade more than five feet above the existing grade of  
25 any dwelling located within 50 feet on adjoining properties, as illustrated in SCC Figure 30.23.050(3);  
26 provided, that the provisions of this subsection (5) shall not apply to residential development subject to  
27 chapters 30.23A and 30.41G SCC.

(6) The measurement of height under this section does not apply to buildings regulated by the Snohomish County Shoreline Management Program, nor does it replace the definitions of height in the construction codes, which are specific to the provisions in those chapters.

(7) Rooftop heating, ventilation and air conditioning (HVAC) and similar systems, when located on commercial, industrial or multifamily structures. The system shall not exceed the maximum building height of the underlying zone by more than 30 percent or 15 feet, whichever is less. Sight-obscuring screening shall be required unless otherwise approved by the director of the department.

21 service facilities shall not be located within the recommended construction buffer zone for birds  
22 listed as priority species by the Washington Department of Fish and Wildlife as described in its  
23 Management Recommendations for Washington's Priority Species Volume IV: Birds (revised

26 proposed location will not have a significant impact on such birds.

27 (h) In no case shall a tower be constructed so that its base is closer to an existing dwelling than  
28 a distance equal to the height of the tower, unless the owner of such dwelling consents in  
29 writing that a closer distance is permitted.

23 airport operations and consistent with all requirements of this chapter. A pre-application  
24 meeting under SCC 30.70.020 is strongly recommended.

33 including but not limited to adverse impacts due to concentrations of people, height hazards, noise  
34 abatement procedures, visual hazards such as lighting and reflective building materials, emissions such  
35 as smoke, steam, dust, gas or thermal plumes, transmissions that may cause electrical interference, or  
36 wildlife attractants.

**Subject:** Religious Facilities definition

**Scope:** Define Religious Facilities as a neutral term instead of "church." This will amend Snohomish County Code (SCC) Chapters 30.22, 30.23, 30.26, 30.27, 30.28, 30.31f, 30.32b, 30.32e, 30.67, 30.91c, and 30.91e; repealing SCC 30.91c.085; and adding a new section to Chapter 30.91r SCC.

This code amendment was recommended by the Hearing Examiner.

**Duration:** N/A

**Fiscal Impact:**  Current Year  Multi-Year  **N/A**

**Authority Granted:**

Authorizes the Executive to approve Ordinance 25-077 to create a neutral term for define Religious Facilities through SCC amendments.

This will increase the clarity and efficiency of the permitting process

**Background:**

Currently, SCC defines a "church" as any religious worship facility. This includes all buildings, structures and meeting places intended for religious services or regular assembly. The term church is also used for synagogues, temples, mosques, reading rooms, and other places dedicated to religious worship and activities as well as in the use matrix.

This has led to the Hearing Examiner recommending an amendment to a more neutral term to residents of all faiths, not tied to a specific religion. This will also increase the clarity and efficiency of the permitting process

Proposed Code Amendment:

30.91C.085 ~~Church~~ Religious Facility. "Church-Religious Facility" means a building, including all accessory buildings, or meeting place intended primarily for the performance of religious services and/or where persons regularly assemble for religious worship. This includes churches, synagogues, temples, mosques, and reading rooms or other places for religious worship and religious activity. This definition does not include facilities for training of religious orders, denominations, or sects."

**Request:** To move Ordinance 25-3402 to GLS to set a time and date for a public hearing.
