Hello Tayler:

I have CC'd John Frekko who is a part of our legal department for any further questions regarding the attached RFP.

Our contract was a year long term with auto-renewing year long terms. Signing any additional documentation to extend or renew is not necessary (and not acceptable as it could create a conflict between the two docs) as the renewal mechanics are already build into the agreement

Best,  
Sharif

Absolutely, what would be the process to initiate this? The account is set to auto renew at the end of the term, requiring no additional paperwork on our end.

Sharif

EXTERNAL EMAIL

Hi Sharif,

Yes, the start date was 1/31/2020 and our expiration is 1/31/2022, completing the initial 2 year term.

There is an additional one-year term extension available, is this something CoStar would be interested in?
