Why would you like to serve on this board or commission

I have participated in the evergreen state fair for the last 7-8 years as a parent volunteer with my children's 4 h club and have had the opportunity to see the important life and social lessons they have learned over those years. The fair has helped them create lifelong-lasting memories and it is great to see them. fair has awarded them many experiences. By becoming a member of the board, I want to get more involved in the community and help see that other people and kids in Snohomish County get these same experiences. Most of my adult life I have been involved in the community, and this would be another way for me to stay Involved

Please explain why you are a qualified candidate I have spent most of my adult life and professional career working within local government and a strong understanding of how things operate

During my time working as a police officer with the city of Lynnwood, I volunteered as the police youth explorer advisor for 8 years as the solo advisor I was responsible for organizing/coordinating all activities and events. I would also volunteer at many events such as shop; with a cop and national night out, I also presented once a year during city's citizen academy during my tenure I held many positions including field training officer and sergeant of police where I supervised the detective unit by joining the fair advisory board I feel this would be another opportunity for me to give back to the community and do some good
