Why would you like to
serve on this
board/commission? I enjoy the outdoors and the beautiful parks found within out state and county. I would like to be a part of decisions that are made to continue to keep these parks a great place for everyone to enjoy, and to help improve them in any way possible.

Please explain why you are
a qualified candidate,
including relevant
professional experience, to
serve on the
board/commission. I don't have much experience in this field, I but I have served on a school board called the Advisory Council for Education when I was in high school which helped to guide certain equity and safety policy for the school district. As such, I am aware of how groups of this nature operate, and I understand the work that is required of each member to allow the group as a whole to achieve their goals.

Please list community
involvement/volunteer
activities In high school, I was a part of my school's chapter of National Honors Society, and through that, I had many volunteer opportunities. These included helping the elderly with house and yard work, reading to kids at the elementary schools, and various other projects that were done to help better the town of Alrington.

Also, the choir that I was a part of did many events for charities and other groups in which we were the entertainment. One of the biggest charities we were a part of was with the Hope Unlimited group which helps to stop human trafficking and other humanitarian issues around the world. Finally, through my church, I teach a Sunday School class, help our elderly members with household work, and sometimes give sermons as well.

How did you learn of this opportunity? I am connected with a few people who have served on boards or who are commissioners of boards, and they referred me to this open position.
