Why would you like to serve on this board/commission?

I remain committed to centering, amplifying, and representing the interests and concerns of marginalized community members in Snohomish County. We are underrepresented in spaces where our voices are needed; therefore, I would appreciate the opportunity to continue my work as a Community Representative. With the time I was given, I have served this council and my communities well, and will continue to do so if reappointed.

---

Please explain why you are a qualified candidate, including relevant professional experience, to serve on the board/commission.

I belong to and am actively engaged with diverse communities whose roots run deep and specialties range, which means I have my finger on the pulse of my people; it's with their consent and at their request that I apply for reappointment. I wouldn't consider myself qualified to serve as a Community Representative without their support.

My relevant professional experiences include: short and long-term strategizing, writing (speeches/grants/curriculum/strategies/press releases), public speaking (activist/panelist/educator), networking/relationship building, community organizing, navigating systems, educating (designing/training/facilitating), directing, managing, and delegating institutional and community-led work.

The work I'm doing to complete my Master's in Management and Leadership reflects my respect for the power and responsibility that comes with leading and advising leadership, as well as my progressive understanding of intent versus impact as it directly relates to measurable outcomes.

For all of the aforementioned reasons, I'm an exceptional candidate for this council.
