I am passionate about our ageing population. I am passionate

Why would you like to serve on this board/commission?

about people being treated with dignity, love and kindness. I am blessed to have my 84 year old dad move in with me as of this past summer. He moved all the way from New England to come here and live with me! Imagine THAT! I have the privilege of being my dad's advocate by going with him to all his appointments and meetings. I see first hand the care he receives and have the opportunity to ask questions and be a sounding board for him. Not everyone is fortunate enough to have an advocate and that is where councils like this are essential. Serving on this council by adding my insight and assistance would be an honor.

Please explain why you are a qualified candidate, including relevant professional experience, to serve on the board/commission.

In addition to caring for and being an advocate for my father currently, I cared for my mother and was her advocate until her passing in 2018. I am a mentor and leader in my profession and head many groups to improve processes and situations. I gravitate to positions where I can serve along side people who want to help others and improve situations, including serving in other countries (Nicaragua and Peru). Helping people is a passion of mine.

Please list community involvement/volunteer activities

I have volunteered, participated in and lead 15 humanitarian trips to Peru (with Food For The Hungry) and Nicaragua (with ADios Ministries). I have volunteered at Animal Shelters including fostering. I have volunteered countless times at food pantries and resource centers feeding the homeless or people in need. Through work, I volunteer for humanitarian efforts that are offered. Through church I have volunteered on countless committees and teams.

How did you learn of this opportunity?

My friend and neighbor Michele Blythe.
