Good Morning County Council,

This email is regarding the proposed budget amendment 2025-3168 – Proposed Substitute Motion 25-461 that is up for consideration at this Wednesday’s council meeting which proposes to set aside \$5 million each year (\$10 million each biennium) for recovery housing’ from the 1590 dollars. While there is a need for additional recovery housing, we have far greater existing housing needs for seniors, vets, families, unsheltered households, etc. This amendment ignores planning documents, community input and best practices to eliminate competition and sets aside dollars for a council majority’s preferred project.

Best,

Mary Anne Dillon

Pronouns: she/her/hers
