PUGET SOUND TAXPAYER ACCOUNTABILITY ACCOUNT FUNDS

This INTERLOCAL AGREEMENT (the "ILA") is entered into pursuant to the provisions of RCW Chapter 39.34 by and between SNOHOMISH COUNTY, hereinafter the "County" and the School District identified on the Face Page of this ILA, (hereinafter the "District"), a public agency. The County and the District (collectively, the "Parties") hereby agree as follows:

I. PURPOSE

The purpose of this ILA is to set forth the duties between the County and the District regarding the distribution of Puget Sound Taxpayer Accountability Account (PSTAA) funds. The PSTAA was created as an amendment to the 2015 State Transportation Revenue Package by the Washington State Legislature and is funded by a percentage of sales and use taxes collected from Sound Transit construction projects. PSTAA funds are to be distributed to King, Pierce, and Snohomish counties proportionally based on the population of each county that lives within Sound Transit's jurisdictional boundaries.

Pursuant to RCW 43.79.520, counties may use distributions from the PSTAA account only to improve educational outcomes in early learning, K-12, and higher education including, but not limited to, for facilities and programs for children and youth that are low-income, homeless, or in foster care, or other vulnerable populations; and to start endowments to provide support for improving educational outcomes in early learning, K-12, and higher education. Snohomish County Council outlined additional guidance for use of PSTAA funds collected in the Snohomish County subarea in its Motion 20-553, and updated guidance in its Amended Motion 21-089 and Amended Motion 22-282.

II. TERMS AND CONDITIONS

being made for a multilingual student. The funding could support 0.3 FTE which would allow about 1.5 days a week worth of time.

Proposed performance indicators for educational outcome(s):

We would like to see fewer multilingual students qualify for special education services unless their needs are severe. Rather, we can support students utilizing our multi-tiered system of supports (MTSS) where we provide the correct services to students where and when they need them without the need for an Individualized Education Plan (IEP). This allows the student to transition into kindergarten within the general education setting.

We will partner with the Imagine Children's Museum to design educational hands-on experiences for multilingual learners and their families when they come to the museum so they may experience STEM opportunities in an equitable fashion to those who speak English.

We would also like to support scholarship opportunities for multilingual learners in the Imagine Children's Museum Preschool program as well as low-income scholarship opportunities. We will discuss the number of scholarships this may amount to with the Museum.

Proposed performance indicators for educational outcome(s):

We would like to see multilingual and low-income numbers represented in the preschool participation. We would work with the museum to determine how to measure the number of multilingual families who visit the museum as well.
