REFERRING PROPOSED CODE REVISIONS RELATED TO DAY CARE CENTERS TO THE DEPARTMENT OF PLANNING AND DEVELOPMENT SERVICES AND THE SNOHOMISH COUNTY PLANNING COMMISSION

**EXHIBIT A – PROPOSED CODE REVISIONS  
RELATED TO CAY CARE CENTERS**

WHEREAS, at the conclusion of the Planning Commission’s public hearing, the Planning Commission recommended adoption of the code amendments contained in this ordinance; and

WHEREAS, on \_\_\_\_\_, 2024, the County Council held a public hearing after proper notice, and considered public comment and the entire record related to the code amendments contained in this ordinance; and

WHEREAS, following the public hearing, the County Council deliberated on the code amendments contained in this ordinance;

NOW, THEREFORE, BE IT ORDAINED:

**Section 1.** The County Council adopts the following findings in support of this ordinance:

- A. The foregoing recitals are adopted as findings as if set forth in full herein.
- B. The County Council makes the following findings of fact in support of this ordinance.
- C. This ordinance will amend Title 30 of the SCC to update development regulations related to day care centers. The proposed amendments seek to:
  - 1. Help address a documented shortage of childcare services and likely shortage of daytime services for senior citizens and the disabled, which collectively meet the definition of Day Care Centers in SCC 30.91D.050.
  - 2. Allow Day Care Centers in more circumstances and with simplified permit processing requirements, by:
    - a. Removing a requirement that Day Care Centers in the WFB, R-7,200, R-8,400, R-9,600, R-12,500, R-20,000, and SA-1 zones, shall only be permitted in connection with and secondary to a school facility or place of worship.
    - b. Allowing Day Care Centers up to 8,000 square feet as a permitted use in R-5, R-9,600, R-8,400, R-7,200, MHP, and T zones and as a conditional use for Day Care Centers over 8,000 square feet.
    - c. Allowing Day Care Centers as a permitted use in the LDMR and MR zones.

**EXHIBIT A – PROPOSED CODE REVISIONS  
RELATED TO CAY CARE CENTERS**

- d. Simplifying the calculation of minimum parking requirements for day care centers.
  - 3. Ensure compatibility between new Day Care Centers and adjacent residential uses by including new general development and landscaping standards for the use.
- D. In developing the proposed code amendments, the County considered the goals of the GMA codified at RCW 36.70A.020.
- a. This ordinance is consistent with GMA Goal 5: "Economic development. Encourage economic development throughout the state that is consistent with adopted comprehensive plans, promote economic opportunity for all citizens of this state, especially for unemployed and for disadvantaged persons, promote the retention and expansion of existing businesses and recruitment of new businesses, recognize regional differences impacting economic development opportunities, and encourage growth in areas experiencing insufficient economic growth..."
- The proposal will facilitate an increase in daytime services for care of children, seniors, and disabled persons. This will help directly expand economic opportunity for business owners, employees. These changes will also indirectly increase economic opportunity for people with family or other commitments to providing informal care seek paid economic opportunity because there will be more ways for them to find formal care settings for the people they currently assist. These amendments will help address regional disparities in access to day care by allowing new day care centers in zones where demand exists, but where current zoning regulations limit the supply.
- b. This ordinance is consistent with GMA Goal 7: "Permits. Applications for both state and local government permits should be processed in a timely and fair manner to ensure predictability" by simplifying the permitting process for day care centers.
- E. In addition to the policies cited above, the proposed amendments will better achieve, comply with, and implement the following policies contained in the GPP.
- a. Land Use Policy 4.A.2.a: [Urban] "Residential developments should support family households and children by providing adequate and accessible open space and recreation, and encouraging opportunities for day care, preschool and after school care services within close proximity."

**EXHIBIT A – PROPOSED CODE REVISIONS  
RELATED TO CAY CARE CENTERS**

Allowing day care centers in more urban zones and by reducing procedural requirements where already allowed will encourage more services in close to existing residential development.

- b. Land Use Policy LU 6.E: “Within rural residential areas, recognize existing businesses that are an integral part of the rural character and provide for community facilities and small-scale commercial developments that support the immediate rural population with necessary goods and services.”

Allowing day care centers in more rural zones and by reducing procedural requirements where already allowed will encourage more day care services in rural areas to serve the immediate rural population.

- c. Economic Goal ED 1: “Maintain and enhance a healthy economy”, Economic Objective ED 1.A: “Snohomish County shall endeavor to provide a good quality of life for residents and business – recognizing that business can thrive only in a healthy community” and Objective ED 1.C: “Snohomish County shall recognize and address the needs of small and minority owned businesses as well as larger, established enterprises.”

Day care services, including childcare, are an essential need for many working residents. The limited availability of childcare services increases the price to a point where many people drop out of the formal workforce to care for family members. Allowing day care centers in more zones will help owners of small family day care homes expand their business into day care centers and to help established day care center providers find additional locations.

- d. Transportation Policy 4.E.1: “Design standards, improvements and right-of-way shall be provided that vary by functional class of roadway in order to ensure safe and efficient flow of traffic.”

Allowing Day Care Centers in R-9,600, R-8,400, and R-7,200 zones but only when the site has frontage to an arterial road provides overall urban design standards that vary by functional class of roadway. To the extent that such allowance also prompt conversion of existing buildings or constructions of new buildings on sites with arterial frontage, this new development will be required to upgrade existing road frontage deficiencies to meet contemporary road design standards for the functional class of road.

RELATED TO CAY CARE CENTERS**

F. Procedural requirements.

- a. The proposal is a Type 3 legislative action pursuant to SCC 30.73.010.
- b. Pursuant to RCW 36.70A.106(1), a notice of intent to adopt this ordinance was transmitted to the Washington State Department of Commerce for distribution to state agencies on \_\_\_\_\_, 2024 and assigned Submittal ID No. 2024-\_\_\_\_\_.
- c. State Environmental Policy Act, Chapter 43.21C RCW, (SEPA) requirements with respect to this non-project action have been satisfied through the completion of an environmental checklist and the issuance of a Determination of Nonsignificance (DNS) on \_\_\_\_\_, 2024.
- d. The public participation process used in the adoption of this ordinance has complied with all applicable requirements of the GMA and the SCC.
- e. The Washington State Attorney General last issued an advisory memorandum, as required by RCW 36.70A.370, in September 2018 entitled “Advisory Memorandum and Recommended Process for Evaluating Proposed Regulatory or Administrative Actions to Avoid Unconstitutional Takings of Private Property” to help local governments avoid the unconstitutional taking of private property. Snohomish County used the process outlined in the State Attorney General’s 2018 advisory memorandum in objectively evaluating the regulatory changes proposed by this ordinance.

- B. The proposal is consistent with Washington State law and the SCC.
- C. The County has complied with all SEPA requirements in respect to this non-project action.
- D. The regulations proposed by this ordinance do not result in an unconstitutional taking of private property for a public purpose.

**Section 3.** The County Council bases its findings and conclusions on the entire record of the County Council, including all testimony and exhibits. Any finding, which should

be deemed a conclusion, and any conclusion which should be deemed a finding, is hereby adopted as such.
