Why would you like to serve on this board/commission?

I would like to serve on the Civil Service Commission because I am committed to fairness, transparency, and integrity in public service. The Commission's role in upholding merit-based hiring, protecting employees, and maintaining public trust strongly aligns with my values. As a recent political science graduate planning to pursue a career in law, I am especially interested in how rules are applied and how due process is upheld in real-world settings. This role would allow me to contribute to my community and gain meaningful experience in public decision-making. Snohomish County has been an important part of my life, and I would be honored to give back.

Please explain why you are a qualified candidate, including relevant professional experience, to serve on the board/commission.

I believe I am a qualified candidate based on my academic background and relevant professional experience. I graduated from the University of Washington with a bachelor's degree in political science and a minor in public policy, which provided me with a strong foundation in government systems, administrative processes, and the importance of fairness and due process in public service.

In addition, my professional experience as a legal assistant, case manager, medical receptionist, and tax administrative assistant has strengthened my ability to stay organized, pay close attention to detail, and handle sensitive information responsibly. These roles have required me to communicate effectively with individuals from diverse backgrounds, navigate structured systems, and approach situations with fairness and professionalism.

Please list community involvement/volunteer activities

- Case Manager at a nonprofit supporting survivors of human trafficking, providing resources, advocacy, and support services
- Volunteer with the Sno-Isle Library System, assisting with community programs and supporting access to public resources
- Volunteer with EarthCorps, participating in environmental restoration efforts and community cleanup projects

How did you learn of this opportunity?

I learned of this opportunity through the Snohomish County website while researching ways to get more involved in my community and contribute to local government.

Do you currently serve on a Snohomish County board or commission?*

No
