**RE: Cable Franchise Agreement – Application/Processing Fees required for Snohomish County, Wa**

Dear Mr. Davis,

In 2012, Comcast Cable Communications, LLC and Comcast Cable Communications Management, LLC (“Comcast”) sent notice for cable franchise renewal with Snohomish County under Section 626 of the Cable Act. Comcast has been in good faith negotiations with the County since that time. The parties have now reached agreement on a draft cable franchise agreement. The County requires payment from Comcast for the application and processing fees as required in chapters 13.80 and 13.110 of Snohomish County Code as a condition of approval of the cable franchise agreement. An invoice for the cable franchise application and processing fees is enclosed, which does not include advertisement for public hearing or final recording costs. The County will not require Comcast to provide notice under Section 7.8 of the new franchise when Comcast elects to offset these invoiced amounts against franchise fees. The County will not dispute such an offset.

If you have any questions feel free to contact Brook Chesterfield, Public Works Special Projects Coordinator, at (425) 261-9849.

Thank you for your attention to this matter.

Sincerely,

Dave Somers  
County Executive
