Why would you like to serve on this board/commission?

I'm a life long learner, and love discovering new things about my community. I'm also looking to build deeper connections with my community. This would be personally fulfilling, while also giving back by ensuring conservation of land.

Please explain why you are a qualified candidate, including relevant professional experience, to serve on the board/commission.

First, I take a lot of pride in my name and wouldn't let myself or others down, by not giving my all.

As a career environmental scientist, I've managed projects and programs in diverse industries. I can bring to the board my ability to analyze a site through an "environmental lense". I also consulted for the federal government during BRAC 05 supporting property conveyances into and out of federal ownership, ensuring environmental compliance. I am familiar with the "symphony" of moving targets and timelines for real estate transactions as well as the politics and burocracy involved.

Please list community involvement/volunteer activities

Avid animal lover. Volunteered at Burien Cares, 2021-2022
Having moved to the PNW 5 years ago, I've now found myself stable in my personal and professional life. I've bought a house in Lake Stevens and finally feel part of a community and have the time and drive to want to be more involved. Ask me this question in another year, and I plan to have more responses!

How did you learn of this opportunity?

I was looking for local volunteer opportunities in the area and came across the county website.
