

Created September 28, 2022.

The following is a list of all ARPA CLFR funded projects, programs or services that were approved by Council into the 2022 Adopted budget. For each project, Column E includes the following designation, as defined:

In Process: Contracting, procurement or execution of the project is in process. It is likely that if a contract for services is in process, that contract will extend through 2023.

Completed: The contract or project is complete

[Date]: The date that the contracted project ends

If a project ends before the end of 2023, notes in Column F describe if the program is recommended for on-going funding and the likely source of that funding. If ARPA CLFR funding is recommended, the likely category of funding is noted.

Note that ARPA CLFR is one-time funding, so projects that are one-time in nature and likely long-lasting legacy projects are more highly recommended than on-going service needs.

ID No.	Purpose	Project Budget		Contract end date	If ending in 2022, recommended in 2023?
		Amount	Category		
CLFR-001	2-1-1 enhancement	\$ 135,000	Housing and Behavioral Health	IN PROCESS
