

Snohomish County Council

Committee: Conservation, Sustainability, and Recreation
ECAF: 2022-1013
Motion: 22-428

Analyst: Nicole Gorle
Date: Oct. 7, 2022

Consideration:

Approve the Professional Services Agreement with Melting Rock, LLC for artwork at the SR 530 Memorial Project.

Background:

"On March 22, 2014 at 10:37am, the SR530, or "Oso", slide engulfed the community around Steelhead Haven. The mud and debris from the adjacent mountainside destroyed 49 homes and ended the lives of 43 people. Community members immediately responded, bringing excavation equipment and shovels to help with the search and rescue effort. At times they were digging with their hands. Those who came were there to help, to find survivors, and later to recover friends and loved ones. As the response extended, those involved became determined to bring as much comfort to those who lost family and they did not stop searching until July 22, when the last of the 43 victims was recovered."¹

Since then, the Slide Memorial Committee has been working with Snohomish County to create a memorial site to honor those who lost their lives and were/are impacted by the mudslide. Part of this project includes artwork. Through a competitive bid process, Melting Rock, LLC was selected for this project.

Current Proposal:
