

AMENDMENT NO. 14 TO THE AGREEMENT FOR TECHNICAL SERVICES

THIS AMENDMENT NO. 14 TO THE AGREEMENT FOR TECHNICAL SERVICES ("Amendment No. 14") is entered into as of this 31st day of December 2021, by and between Snohomish County, a political subdivision of the State of Washington (the "County"), and Siemens Industry, Inc., a Delaware Corporation (the Contractor) .

RECITALS

1. Whereas, Siemens is the owner of the certain proprietary software referred to as the Sipass security system. The County determined that Siemens was the only vendor with a software platform that provided both fire and automation and had a history of backwards compatibility and multi-level support with the County's existing card access system; and
2. Whereas, the County and Siemens entered into a certain Technical Services Agreement, effective January 1, 2018 ("Agreement"), to upgrade the County's card access system in various County facilities; and
3. Whereas, Section 2 of the Agreement allows for the extension of the Agreement for up to three additional 2-year terms; and
4. Whereas, the County now wishes to extend the date of the contract to December 31, 2023.

AGREEMENT

NOW, THEREFORE, except as expressly amended in this Amendment No. 14, the terms and conditions of the Agreement remain unchanged and in full force and effect.

Snohomish County:

Siemens Industry, Inc.:
