**ITEM TITLE:****..Title**

Ordinance 22-057, adopting the 2022-2027 Capital Facilities Plans for the Arlington No. 16, Edmonds No. 15, Everett No. 2, Lake Stevens No. 4, Lakewood No. 306, Marysville No. 25, Monroe No. 103, Mukilteo No. 6, Snohomish No. 201, and Sultan No. 311 School Districts, and the 2022-2028 Capital Facilities Plan for the Northshore No. 417 School District Pursuant to SCC 30.66C.020 and Amending the School Impact Fee Schedule in SCC 30.66C.100

**..body****DEPARTMENT:** Planning and Development**ORIGINATOR:** Eileen Canola**EXECUTIVE RECOMMENDATION:** Approved by Ken Klein 09/27/22

**PURPOSE:** To adopt the 2022 updated school district capital facilities plans and amend the school impact fee table and effective date of the school impact fee table in SCC 30.66C.100.

**BACKGROUND:** Snohomish County operates a Growth Management Act (GMA)-authorized school impact fee program contained in chapter 30.66C of the Snohomish County Code (SCC). In order to participate in the county's school impact fee program, a school district must submit a capital facilities plan (CFP) that meets the specifications of RCW 36.70A, RCW 82.02.020, and chapter 30.66C SCC, every two years. Eleven school districts submitted their individual school CFPs for county review as part of the 2022 biennial update. A county technical review committee (TRC) found the eleven school CFPs consistent with Appendix F of the county's GMA Comprehensive Plan and chapter 30.66C SCC. This ordinance adopting the eleven school CFPs and amending the school impact mitigation fees in SCC 30.66C.100 is considered with the county budget as the school districts' LOS contained in their respective CFPs establishes a link to the county's 2023-2028 CIP. When adopted by the county council, the school CFPs will be incorporated by reference into the county's Capital Facilities Element of the GMA comprehensive plan. Each school district completed the required State Environmental Policy Act (SEPA) review, which the ordinance adopts and incorporates by reference. PDS briefed the planning commission on the eleven school district CFPs on July 26, 2022, and the Planning Commission will hold a hearing on these CFPs on September 27, 2022. Except for the Edmonds school district, all districts have secured board adoption for their CFPs. It is anticipated that the school board will adopt the updated Edmonds school district CFP by September 27, 2022. PDS will transmit school board adopted Edmonds school district CFP and the Planning Commission's recommendation letter separately from this package.

7

8 NOW, THEREFORE, BE IT ORDAINED:  
9

10 Section 1. The County Council adopts the foregoing recitals as findings of fact  
11 as if set forth in full herein.  
12

13 Section 2. The County Council makes the following additional findings of fact in  
14 support of this ordinance:  
15

16 A. A school district must prepare and adopt a capital facilities plan that meets  
17 the requirements of Chapter 36.70A RCW and RCW 82.02.020 to participate in the  
18 impact fee program. A school district's capital facilities plan expires two years from the  
19 date of its effective date or when the County Council adopts an updated capital facilities  
20 plan that meets the requirements of Chapter 30.66C SCC and the GMA.  
21

22 B. The Districts submitted capital facilities plans to PDS for the 2022 biennial  
23 update as required under SCC 30.66C.035.  
24

25 C. Index School District No. 63, Darrington School District No. 330, Granite Falls  
26 School District No. 332, and Stanwood/Camano Island School District No. 401 did not  
27 submit capital facilities plans for the period for this 2022 biennial update meaning the  
28 County will neither impose nor collect impact fees for those districts during the 2023 -  
29 2024 biennial period. Index School District No. 63, Darrington School District No. 330,  
30 Granite Falls School District No. 332, and Stanwood/Camano Island School District No.  
31 401 are not currently listed on the school impact fee schedule, SCC Table  
32 30.66C.100(1).  
33

34 D. PDS reviewed each of the Districts' 2022 capital facilities plans, including the  
35 impact fee calculations, using the formula in SCC 30.66C.045 and determined that each  
36 capital facilities plan meets the requirements of SCC 30.66C.040. This determination  
37 was made after consultation with the school technical review committee that reviewed  
38 each capital facilities plan prior to the Planning Commission's public hearing.  
39

40 E. This ordinance is adopted to implement Chapter 30.66C SCC and to adopt  
41 the Districts' 2022 capital facilities plans.  
42

43 F. The adoption of this ordinance exercises the County's authority to impose  
44 impact fees pursuant to RCW 82.02.050.  
45

46 G. The Districts' 2022 capital facilities plans adopted herein will further the goals  
47 of the GMA by providing adequate public-school facilities to accommodate growth.

1  
2 H. Amendment of SCC 30.66C.100 is necessary to adopt an updated impact fee  
3 schedule consistent with the Districts' 2022 capital facilities plans.  
4

5 I. Pursuant to SCC 30.66C.100, the County reduces the amount of the impact  
6 fee calculated by the Districts by fifty percent.  
7

8 J. SEPA requirements have been satisfied by each school district, acting as lead  
9 agency, completing an environmental checklist and issuing a Determination of  
10 Nonsignificance for its capital facilities plan. The County adopts and incorporates by  
11 this reference the SEPA determinations made by the respective school districts.  
12

13 K. The Planning Commission reviewed the Districts' 2022 capital facilities plans,  
14 conducted a public hearing on each 2022 capital facilities plan and made its  
15 recommendation as evidenced in its recommendation letter dated \_\_\_\_\_, 2022.  
16

17 L. The County Council conducted a public hearing on \_\_\_\_\_, 2022,  
18 on this Ordinance No. 22-\_\_\_\_\_.  
19

20 Section 3. The County Council makes the following conclusions:  
21

22 A. The Districts' 2022 capital facilities plans each individually meet the  
23 requirements of Chapter 30.66C SCC and the requirements of Appendix F of the GPP  
24 concerning the operation and administration of a school impact fee program.  
25

26 B. The public participation requirements of the SCC and GMA have been met  
27 through the public hearings conducted by the Planning Commission and the County  
28 Council.  
29

30 C. The SEPA requirements for the Districts' 2022 capital facilities plans have  
31 been met.  
32

33 D. The adoption of the Districts' capital facilities plans is consistent with the  
34 GMACP, the Countywide Planning Policies for Snohomish County, and the GMA.  
35

36 E. The GMA allows the County to amend the GMACP more frequently than once  
37 per year if the amendment is to the capital facilities element and occurs concurrently  
38 with the adoption or amendment of the County's budget. This criterion is met because  
39 this ordinance will be considered concurrently with the County's annual budget  
40 ordinance, fulfilling the GMA, the Snohomish County Charter, and SCC requirements  
41 that link the capital improvement program to the budget.  
42

43 F. Each of the Districts' 2022 capital facilities plans shall be incorporated by  
44 reference into the capital facilities element of the GMACP as provided by SCC  
45 30.66C.055.

## **MEMORANDUM**

**TO:** Snohomish County Planning Commission

**VIA:** Michael McCrary, Director  
Planning and Development Services

**FROM:** Eileen Canola, Senior Planner  
Planning and Development Services

**SUBJECT:** 2022 Biennial Update to School Districts Capital Facilities Plans (CFPs)

**DATE:** August 30, 2022

**Dave Somers**  
*County Executive*

## **PURPOSE**

This staff report supplements the information provided for the July 26, 2022, Planning Commission briefing on the 2022 biennial update of eleven school districts capital facilities plans (CFPs). The following is an update on procedural steps since the briefing, a summary of the proposed amendments to the County's school impact mitigation fees, and a request that the Commission provide the County Council with a recommendation on this proposal.

## **STATUS OF PROCEDURAL STEPS**

- School board adoption of school district capital facilities plans (CFPs): Since the July briefing, all school boards have approved their respective CFP with the required environmental review, with the exception of the Edmonds school district. The Edmonds school district has completed its environmental review and it is anticipated that the school board adoption will be secured by mid-September. As indicated at the briefing, the eleven school district CFPs are accessible through this link: <https://snohomishcountywa.gov/4037/Biennial-Update-to-School-Districts-CFPs> and hardcopies are available by contacting the Planning Commission Clerk.
- The State Environmental Policy Act (SEPA) requirements have been satisfied by each school district acting as lead agency and completing an environmental checklist and issuing a Determination of Nonsignificance for its respective CFP.
- Pursuant to RCW 36.70A.106, a notice of intent to adopt eleven school district CFPs and amend the school impact mitigation fees in SCC 30.66C.100 was received by the Washington State Department of Commerce on July 21, 2022, for distribution to state agencies.

## PROPOSED AMENDMENTS

*Amendments to the Snohomish County Code (SCC)* The amendments to the SCC are shown in attachment A to this staff report and include the following:

- The amendment to subsection (5) of SCC 30.66C.100 will update the effective date for the school impact fees in Table 30.66C.100(1).
- The amendments to Table 30.66C.100(1) will update the school impact fees based on the school board-adopted CFPs.

*Amendments to the Snohomish County Comprehensive Plan*

Council adoption of the eleven school district CFPs constitutes an amendment to the County's comprehensive plan. These plans are incorporated by reference into the Capital Facilities Element of the County's comprehensive plan.

## RATIONALE TO SUPPORT THIS PROPOSAL

1. PDS reviewed each of the eleven school districts' 2022 CFP updates, including the impact fee calculations, using the formula in SCC 30.66C.045. PDS also determined that each CFP meets the requirements of SCC 30.66C.040. This determination was made after consultation with the school technical review committee that reviewed each CFP prior to the Planning Commission's public hearing.
2. Council adoption of the eleven school districts' 2022 CFP updates exercises the County's authority to impose impact fees pursuant to RCW 82.02.050.
3. Adoption of this proposal herein will further the goals of the Growth Management Act (GMA) by providing adequate public school facilities to accommodate growth.
4. Amendments to SCC 30.66C.100 are necessary to adopt an updated impact fee schedule consistent with the districts' 2022 biennial update to their respective CFPs.
5. Pursuant to SCC 30.66C.100, the County reduces the amount of the impact fee calculated by the districts by fifty percent, which is based on the King County school impact fee model, and an outcome from the development of chapter 30.66C.100, that involved key parties regarding school impact fees in the County.
6. The districts' CFPs each individually meet the requirements of Chapter 30.66C SCC and the requirements of Appendix F of the General Policy Plan (GPP) concerning the operation and administration of a school impact fee program.
7. The public participation requirements of the SCC and GMA have been met through the public hearings conducted by the Planning Commission and the County Council.
8. The SEPA requirements for the districts' CFPs have been met by each of the eleven school districts.
9. The adoption of the districts' CFPs is consistent with the GMA Comprehensive Plan (GMACP), the Countywide Planning Policies for Snohomish County, and the GMA.
10. The GMA allows the County to amend the GMACP more frequently than once per year if the amendment is to the capital facilities element and occurs concurrently with the adoption or amendment of the County's budget.

11. Each of the Districts' CFPs shall be incorporated by reference into the capital facilities element of the GMACP as provided by SCC 30.66C.055.

### **ACTION REQUESTED**

At the public hearing, the Planning Commission will be asked to make a recommendation on this proposal: the eleven school CFPs and the proposed amendments to SCC 30.66C.100 and the County's comprehensive plan.

The Planning Commission then transmits its recommendation on this proposal to the County Council. It is anticipated that the County Council will consider the school district's CFPS and the proposed amendments concurrently with the County's six-year Capital Improvement Program and other components of this year's budget package. Once adopted by the County Council, the school impact fees would be effective on January 1, 2023.

General Cost Analysis Summary:

Snohomish County operates a school impact fee program authorized by RCW 82.02.040 and the Washington State Growth Management Act (GMA) under Chapter 36.70A RCW. The imposition of impact fees is based on the premise that new development should pay a proportionate and equitable share of the public capital costs associated with growth. School districts that wish to collect impact fees must prepare and adopt capital facilities plans (CFPs) for review by the county and that fulfill the specifications of state law, the county comprehensive plan, and the county code.

The proposed amendments include adoption of school districts' 2022 updated CFPs and amending SCC 30.66C.100 to update the school impact mitigation fee schedule and revise the expiration date of the school district CFPs. The amendments are not expected to increase the demand for county capital facilities.

Re: School District Capital Facilities Plans

Dear Commissioners,

On behalf of the Master Builders Association of King and Snohomish Counties (MBAKS) I'm writing to offer comments on the school district capital facilities plans currently before you.

While impact fees add to the cost of housing in an already burdened market, when fees are proposed that take an astronomical leap upward, they become even more difficult.

Such is the case with the Sultan School District proposed fee of \$14,842 for single family residential units and over \$9500 for certain multi-family units.

Home builders base their feasibility estimates on existing costs with some reasonable expectation for increases in costs. However, the massive jump to \$14,842 in the Sultan plan is cause for concern because it will undermine the feasibility of existing projects including bank loans that are extended on that information.

Due to the dramatic increased proposed in the Sultan plan, and the negative impact such an increase would have on housing affordability and project feasibility, MBAKS suggests that the increase be phased in over two increments of 50%, or in some other thoughtful way.

We understand and greatly appreciate the value and importance of quality schools. However, in this instance we believe a balance needs to be struck between ensuring adequate facilities and attainable housing.

Thank you for your consideration.

Sincerely,

Mike Pattison  
Snohomish County Manager

Re: School District Capital Facilities Plans – Ordinance 22-057

Dear Councilmembers,

On behalf of the Master Builders Association of King and Snohomish Counties (MBAKS) I'm writing to offer comments on the school district capital facilities plans currently before you.

While impact fees add to the cost of housing in an already burdened market, when fees are proposed that take an astronomical leap upward, they become even more difficult.

Such is the case with the Sultan School District proposed fee of \$14,842 for single family residential units and over \$9500 for certain multi-family units.

Home builders base their feasibility estimates on existing costs with some reasonable expectation for increases in costs. However, the massive jump to \$14,842 in the Sultan plan is cause for concern because it will undermine the feasibility of existing projects including bank loans that are extended on that information.

Due to the dramatic increased proposed in the Sultan plan, and the negative impact such an increase would have on housing affordability and project feasibility, MBAKS suggests that the increase be phased in over two increments of 50%. Alternatively, in 2016 Snohomish County applied a "cap" on fees through Emergency Ordinance 11-117. Either of these two tools can help mitigate the negative consequences of the proposed increase.

We understand and greatly appreciate the value and importance of quality schools. However, in this instance we believe a balance needs to be struck between ensuring adequate facilities and attainable housing.

Thank you for your consideration.

Sincerely,

Mike Pattison  
Snohomish County Manager

19

20 WHEREAS, PDS has reviewed the Districts’ 2022 capital facility plans, including  
21 the impact fee calculations using SCC 30.66C.045, consulted with the school technical  
22 review committee authorized by SCC 30.66C.050(3), and determined that each 2022

25

7

8 NOW, THEREFORE, BE IT ORDAINED:  
9

10 Section 1. The County Council adopts the foregoing recitals as findings of fact  
11 as if set forth in full herein.  
12

13 Section 2. The County Council makes the following additional findings of fact in  
14 support of this ordinance:  
15

16 A. A school district must prepare and adopt a capital facilities plan that meets  
17 the requirements of Chapter 36.70A RCW and RCW 82.02.020 to participate in the  
18 impact fee program. A school district's capital facilities plan expires two years from the  
19 date of its effective date or when the County Council adopts an updated capital facilities  
20 plan that meets the requirements of Chapter 30.66C SCC and the GMA.  
21

22 B. The Districts submitted capital facilities plans to PDS for the 2022 biennial  
23 update as required under SCC 30.66C.035.  
24

25 C. Index School District No. 63, Darrington School District No. 330, Granite Falls  
26 School District No. 332, and Stanwood/Camano Island School District No. 401 did not  
27 submit capital facilities plans for the period for this 2022 biennial update meaning the  
28 County will neither impose nor collect impact fees for those districts during the 2023 -  
29 2024 biennial period. Index School District No. 63, Darrington School District No. 330,  
30 Granite Falls School District No. 332, and Stanwood/Camano Island School District No.  
31 401 are not currently listed on the school impact fee schedule, SCC Table  
32 30.66C.100(1).  
33

34 D. PDS reviewed each of the Districts' 2022 capital facilities plans, including the  
35 impact fee calculations, using the formula in SCC 30.66C.045 and determined that each  
36 capital facilities plan meets the requirements of SCC 30.66C.040. This determination  
37 was made after consultation with the school technical review committee that reviewed  
38 each capital facilities plan prior to the Planning Commission's public hearing.  
39

40 E. This ordinance is adopted to implement Chapter 30.66C SCC and to adopt  
41 the Districts' 2022 capital facilities plans.  
42

43 F. The adoption of this ordinance exercises the County's authority to impose  
44 impact fees pursuant to RCW 82.02.050.  
45

46 G. The Districts' 2022 capital facilities plans adopted herein will further the goals  
47 of the GMA by providing adequate public-school facilities to accommodate growth.

1  
2 H. Amendment of SCC 30.66C.100 is necessary to adopt an updated impact fee  
3 schedule consistent with the Districts' 2022 capital facilities plans.  
4

5 I. Pursuant to SCC 30.66C.100, the County reduces the amount of the impact  
6 fee calculated by the Districts by fifty percent.  
7

8 J. SEPA requirements have been satisfied by each school district, acting as lead  
9 agency, completing an environmental checklist and issuing a Determination of  
10 Nonsignificance for its capital facilities plan. The County adopts and incorporates by  
11 this reference the SEPA determinations made by the respective school districts.  
12

13 K. The Planning Commission reviewed the Districts' 2022 capital facilities plans,  
14 conducted a public hearing on each 2022 capital facilities plan and made its  
15 recommendation as evidenced in its recommendation letter dated September 27, 2022.  
16

17 L. The County Council conducted a public hearing on November 9, 2022, on this  
18 Ordinance No. 22-057.  
19

20 Section 3. The County Council makes the following conclusions:  
21

22 A. The Districts' 2022 capital facilities plans each individually meet the  
23 requirements of Chapter 30.66C SCC and the requirements of Appendix F of the GPP  
24 concerning the operation and administration of a school impact fee program.  
25

26 B. The public participation requirements of the SCC and GMA have been met  
27 through the public hearings conducted by the Planning Commission and the County  
28 Council.  
29

30 C. The SEPA requirements for the Districts' 2022 capital facilities plans have  
31 been met.  
32

33 D. The adoption of the Districts' capital facilities plans is consistent with the  
34 GMACP, the Countywide Planning Policies for Snohomish County, and the GMA.  
35

36 E. The GMA allows the County to amend the GMACP more frequently than once  
37 per year if the amendment is to the capital facilities element and occurs concurrently  
38 with the adoption or amendment of the County's budget. This criterion is met because  
39 this ordinance will be considered concurrently with the County's annual budget  
40 ordinance, fulfilling the GMA, the Snohomish County Charter, and SCC requirements  
41 that link the capital improvement program to the budget.  
42

43 F. Each of the Districts' 2022 capital facilities plans shall be incorporated by  
44 reference into the capital facilities element of the GMACP as provided by SCC  
45 30.66C.055.
