ITEM TITLE:

Motion 22-551, authorizing the County Executive to sign Amendment #5 to the Agreement with Emerson Network Power, Liebert Services Inc. to provide scheduled maintenance and on call emergency services to the County’s Uninterruptible Power Systems (UPS)

DEPARTMENT: Facilities

ORIGINATOR: Anna Morton

EXECUTIVE RECOMMENDATION: Approved by Ken Klein 12/15/22

PURPOSE: Council’s approval for Amendment #5 of the Vertiv Uninterruptible Power Service (UPS) Maintenance and Services Contract for the Campus Data Center, Jail, Records, EOC and DJJC buildings’ Liebert equipment.

BACKGROUND: The data centers located at the Campus, Jail, Records, DEM and DJJC buildings use Liebert UPS devices requiring certified maintenance twice a year. An uninterruptible power supply (UPS) is a device that allows critical equipment to keep running for a short time if the primary power source is lost. It also provides protection from power surges. We are requesting a short-term contract for 7 months with Vertiv to cover maintenance and on-call emergency services until a new contract can be put in place. This equipment has been in place at the county maintained by this contractor for over 13 years. The annual cost is paid out of the Facilities Maintenance Divisions expense budgets as applicable.
