ITEM TITLE:

Ordinance 21-020, authorizing the County Executive to Execute an Interlocal Agreement between Snohomish County and French Slough Flood Control District for Accommodating Surface Water in French Slough Flood Control District

DEPARTMENT: Public Works

ORIGINATOR: Lori White

EXECUTIVE RECOMMENDATION: Approve

PURPOSE: Approval of the Interlocal Agreement between French Slough Flood Control District and Snohomish County for Accommodating Surface Water in French Slough Flood Control District

BACKGROUND:

- Since 2007 Snohomish County and French Slough Flood Control District have had an active Interlocal Agreement for Accommodating Surface Water in French Slough Flood Control District.
- Under these agreements the County distributes a service charge to the District each year to partially offset the costs the District incurred in accommodating the drainage originating from upland development within the Snohomish Watershed.
- The County and the District wish to continue these payments for years 2021 through 2025
- The County and District have negotiated a new Interlocal Agreement and if approved the County will pay the district \$12,772 in 2021 for surface water accommodation. Years 202-2025 will be adjusted based on the previous year's consumer price index for the Greater Seattle area.
- The term of the agreement will be from execution through December 31, 2025

This agreement is entered into under the regulatory authority of the Interlocal Cooperation Act, Chapter 39.34 RCW.
