Motion 22-156, approve and authorize the County Executive to execute Amendment 2 to the Software and License Agreement with High Line

DEPARTMENT: Information Technology

ORIGINATOR: Dee White

EXECUTIVE RECOMMENDATION: Approve - Ken Klein

PURPOSE: The purpose of this ECAF is to approve and execute Amendment 2 to the Software License and Service Agreement with High Line to increase hosting support.

BACKGROUND: High Line Corporation was selected as the highest-ranking vendor to supply a Snohomish County Human Resource Management system via RFP-04-02. Snohomish County began using the High Line Human Resources Information and Applicant Tracking System (HRIS/ATS) in 2003. The system was implemented as an on-premise system, storing data on County servers. The new agreement executed in 2017 was for a new version of the product (NextGen) which was implemented by the vendor as a hosted solution. In 2019, the Time Management Self-Service (TMSS) platform was implemented and included tier 1 support which allowed up to 600 TMSS users. The County now needs to increase the current hosting support to tier 3 which allows up to 4,000 TMSS users.
