ITEM TITLE:

Motion 23-314, authorizing the County Executive to sign a Consultant Services Agreement for Paine Field Former Tect Lease Area Agreed Order Implementation at Snohomish County Airport at Paine Field

DEPARTMENT: Airport

ORIGINATOR: Andrew Rardin

EXECUTIVE RECOMMENDATION: Approved by A Boungjaktha 7/21/23

PURPOSE: This is a multi-year contract to assist in the implementation of the Department of Ecology Agreed Order (AO).

BACKGROUND:

- This Agreement is the product of County RFQ No. 23-004BC. Landau Associates Inc was selected as the most qualified company to perform the services required by the Department of Ecology Agreed Order.
- Snohomish County Airport has been investigating environmental contamination at the Former Tect Lease Area since the early 1990's with Remedial Investigation (RI) reports submitted to the Department of Ecology.
- On November 23, 2021, the Airport submitted a request to enter the Department of Ecology Voluntary Cleanup Program (VCP). The VCP program provides oversight of straight forward typical cleanup actions.

- On March 17, 2022, Ecology provided written notice that the Airport was a Potentially Liable Party (PLP) for the environmental contamination at the former Tect lease area.
- On February 1, 2023, Ecology formally terminated Airport's enrollment in the VCP and deemed the site too complex and an Agreed Order (AO) would be required.
- The Airport, with assistance of its attorneys, has negotiated an Agreed Order with the Department of Ecology that requires the County to undertake all actions for remedial work.
- This Agreement in the amount NTE \$1,694,100, will perform the required tasks in the Agreed Order.
