

Committee on July 28, 2021. The current report evaluates whether there is sufficient suitable land within the county’s urban growth areas to accommodate the forecasted residential, commercial and industrial growth anticipated through the end of the 20-year GMA planning period, currently 2035. The report is based on the methods and approaches first developed and used by the county and cities for the 2002, 2007 and 2012 SCT Buildable Lands Reports. In addition, it incorporates the updated methods and procedures that were approved by the SCT Steering Committee on June 24, 2020 in response to the buildable lands methodology review and update required by E2SSB 5254, enacted by the State Legislature in 2017.
