

# Snohomish County Council

## Legislation Text

File #: 2022-0969, Version: 1

### Executive/Council Action Form (ECAF)

**ITEM TITLE:**

Motion 22-411, authorizing the County Executive to sign Amendment No. 1 to Agreement CC02-20 with PCC Farmland Trust for the Community Floodplain Solutions - Sky Valley Project

**DEPARTMENT:** Conservation & Natural Resources

**ORIGINATOR:** Darcey Hughes & Jessica Hamill

**EXECUTIVE RECOMMENDATION:** Approved by Lacey Harper 09/26/22

**PURPOSE:** Authorizing Executive to sign amendment No. 1 for adoption of a dba of the PCC Farmland Trust to dba Washington Farmland Trust, and for amendments to Schedule A, Scope of Work, due dates for Task 2, due dates and add funds to Task 3, and Schedule B-1 Total Compensation; and

**BACKGROUND:** Snohomish County was awarded \$4,812,200 in grant funds from the Washington State Department of Ecology to implement the Shorelands Floodplains by Design project. The Shorelands Floodplains by Design project is a cooperative effort between several watershed partners to build upon reach-scale work to provide immediate flood risk reduction benefits, address critical data gaps and pilot Snohomish River reach-scale integrated floodplain management. Public Works has determined a need for consultant services to assist with grant related activities such as Landowner and Stakeholder Engagement and Agricultural Resiliency Planning Implementation which includes the purchase of easements, implementation of best management practices, and farmland succession planning. Through a Request for Qualifications (RFQ) the Department of Public Works solicited the services of a consultant to assist with the Community Floodplains Solutions - Sky Valley project. PCC Farmland Trust was one of two firms responding to RFQ-14-19SR and was selected through established Federal, State and County Policies and Practices. The Professional Services Agreement between Snohomish County and PCC Farmland Trust has been executed. The total budget is \$1,050,000. The additional \$800,000 will allow the Farmland Trust to secure properties that are ready to move forward now but have been delayed by unreliable federal funding. This funding will secure those properties now allowing the federal dollars to be utilized for additional farmland preservation acreage when those funds become available. This allows CFS partners to make bigger strides towards farmland preservation goals in Snohomish County.
