

# Snohomish County Council

## Legislation Text

File #: 2022-0732, Version: 1

### Executive/Council Action Form (ECAF)

**ITEM TITLE:**

Receiving the Land Conservation Initiative Quarterly Report - June 31, 2022

**DEPARTMENT:** Conservation & Natural Resources

**ORIGINATOR:** Sharon Swan

**EXECUTIVE RECOMMENDATION:** Approve

**PURPOSE:** Submit quarterly report related to the Land Conservation Initiative as requested by budget note five

**BACKGROUND:** Snohomish County has a history of completing and supporting land acquisition for the purposes of providing parks, habitat, agricultural, forest and open space values. A comprehensive, strategic approach to future property rights acquisition is sought which will maximize preservation of important properties and include strategies for funding and long-term operation and maintenance. This comprehensive approach will include development of a Strategic Land Acquisition and Management Plan, Transfer of Develop Rights program, as well as a Healthy Forest Forestry program. These three efforts together comprise Snohomish County’s Land Conservation Initiative (LCI). King County has already completed a process similar to what is envisioned for Snohomish County and their Land Conservation Initiative will serve as a model for Snohomish County’s efforts.

**FISCAL IMPLICATIONS:**

EXPEND: FUND, AGY, ORG, ACTY, OBJ, AU	CURRENT YR	2ND YR	1ST 6 YRS
<b>TOTAL</b>
