Executive/Council Action Form (ECAF)

ITEM TITLE:

Ordinance 23-004, relating to the Snohomish County Flood Damage Reduction Grant Program; awarding the Snohomish County program funds and authorizing the Executive to execute Interlocal Agreements with grant recipients regarding the expenditure of grant funds

DEPARTMENT: Conservation and Natural Resources/Surface Water Management

ORIGINATOR: Kit Crump/Connie Price

EXECUTIVE RECOMMENDATION: Lacey Harper 1/17/23

PURPOSE: To approve the recommendations to award the Snohomish County Flood Damage Reduction Grant Program funds and direct the Executive to execute Interlocal Agreements with two special purpose districts to distribute the funds awarded in 2023.

BACKGROUND: The County recognizes the value of repairing damages to Special Purpose District (District) facilities to maintain flood protection to homes, County roads, farms, use of agricultural land and to drain flood waters after major floods. The County Council has established a Flood Damage Reduction Grant Program and approved a total funding amount of \$150,000 in the 2023 Surface Water Management Budget to benefit

flood management in Snohomish County. Applications for the Grant Program were emailed out in May and two applications were returned from two Districts. The applications were reviewed and met program goals and now for Council approval. Total amount awarded to two districts is \$150,000. See attached narrative and Exhibit A. Passage of this Ordinance will direct the Executive to execute the attached Interlocal Agreements with Dike Improvement District 1 and Stillaguamish Flood Control District (Exhibits B & C) as provided in RCW 39.34.

FISCAL IMPLICATIONS:
